Gibraltar Shares Corporate Social Responsibility Report

January 18, 2023

BUFFALO, N.Y.--(BUSINESS WIRE)--Jan. 18, 2023-- Gibraltar Industries, Inc. (Nasdaq: ROCK), a leading manufacturer and provider of products and services for the renewable energy, residential, agtech and infrastructure markets, today released its annual Corporate Social Responsibility report detailing the company's work to improve lives and make a difference in the world.

"With this report, we are deepening our commitment and demonstrating our responsibility to our people, our communities and our stakeholders," said CEO Bill Bosway. "As a significant player in creating more sustainable ways to grow food, generate cleaner energy and live and work with greater efficiency, ease and comfort, we are confronting some of the world's most important challenges."

Corporate social responsibility is fundamental to Gibraltar's operations. This comprehensive [report](#) provides an opportunity to be more accountable, strategic and transparent, Bosway said.

Gibraltar operates 34 facilities, including 25 manufacturing facilities, one distribution center and eight offices across 16 states, as well as Canada, China and Japan. It is committed to making a difference in the lives of the people the business touches.

Highlights of the report include:

- Gibraltar conducted seven comprehensive energy audits at critical manufacturing plants, identifying opportunities to reduce energy consumption and increase energy efficiency.
- The company decreased energy intensity by Net Sales 8.2% from 64.7 MWh in 2020 to 59.4 MWh in 2021.
- Gibraltar has built greater diversity of thought, experience and perspective on its Board of Directors with a broadened range of skills and tenure and expanded the responsibilities of its CSR Committee.

Bosway said he was proud of the way the Gibraltar team has embraced the challenges of delivering progress.

Gibraltar said in the report it would continue to evolve its efforts to look for opportunities to take a leading role in its industries as the global need for sustainable solutions grows and expectations for best practices rise.
