Gibraltar Announces Preliminary Second-Quarter Financial Results; Lowers 2014 Outlook

Company Schedules Second-Quarter Conference Call for August 5

Buffalo, New York, June 27, 2014 - Gibraltar Industries, Inc. (Nasdaq: ROCK), a leading manufacturer and distributor of products for residential and industrial markets, expects to report revenues for the second quarter of 2014 in the range of \$230 million to \$233 million, including revenues for the Company's Residential Products segment of \$116 million to \$118 million. Adjusted net income is expected to be in the range of \$4.0 million to \$5.0 million, with adjusted net income per diluted share in the range of \$0.14 to \$0.16. This compares with the Company's previous guidance of adjusted EPS in the range of \$0.29 to \$0.32.

"After a long cold winter that drove lower-than-anticipated Q1 results, end market demand in Q2 did not rebound as expected," said Chairman and Chief Executive Officer Brian Lipke. "Demand for residential products remained unexpectedly weak throughout the second quarter and well below demand anticipated by many industry observers. This has contributed to less-than-anticipated revenue growth in the Residential Products segment. We now project revenue growth for this segment's second quarter to approximate 6%, compared with our previous guidance of 20% growth. As a result, we expect consolidated revenues for the second quarter 2014 to increase approximately 3% over the prior-year period, compared with our previous guidance of 10%."

"We are taking a conservative view that the weakness in the residential markets will continue and, therefore, we no longer expect to recover the first half 2014 shortfall compared with the prior year period," stated Gibraltar President Frank Heard. "We now project demand in the second half of the year to be comparable to the demand levels experienced in the first half of this year, even though second-half demand could improve in some parts of our business. Nevertheless, based on newly developed cost reduction initiatives and continuing strong demand for postal and package products, we expect to achieve similar adjusted earnings for the second half of 2014 compared with the prior-year period."

This preliminary financial information is subject to change and is based on management's estimates derived from the information available as of today. In addition, the financial information provided has not yet been reviewed by the Company's independent registered public accounting firm and is subject to that review and may change before filing on Form 10-Q, which the Company expects to file timely in August 2014.

Second-Quarter Conference Call

Gibraltar expects to announce its second-quarter 2014 financial results on August 5, 2014, and conduct a conference call at 9:00 a.m. ET on the same day, at which point the Company will discuss in more detail the results of the second quarter and guidance for the remainder of 2014. Those who wish to listen to the conference call should visit the Investor Info section of the Company's website at www.gibraltar1.com. The call also may be accessed by dialing (877) 407-5790 or (201) 689-8328. For interested individuals unable to join the live conference call, a webcast replay will be available on the Company's website for one year.
