April 3, 2020

To My Fellow Stockholders:

It is my pleasure to invite you to electronically attend the 2020 Annual Meeting of Stockholders of Gibraltar Industries, Inc. (the "Company") to be held on Wednesday, May 6, 2020 at 11:00 A.M., Eastern Time (the "2020 Annual Meeting"), and any adjournments or postponements thereof, which may include a national emergency that makes us unable to hold the meeting on the date or in the manner that we planned.

We initially planned to hold the 2020 Annual Meeting in person, but in light of public health concerns regarding the coronavirus outbreak (COVID-19), and to support the health and well-being of our employees, board members and stockholders, the 2020 Annual Meeting will be held in virtual meeting format only. You will not be able to attend the 2020 Annual Meeting in person. You will be able to participate in this year's annual meeting online, vote your shares electronically and submit your questions during the meeting, by visiting www.virtualshareholdermeeting.com/ROCK2020. Instructions regarding how to attend the meeting online and details concerning the business to be conducted at the 2020 Annual Meeting are more fully described in the accompanying Notice of Annual Meeting of Stockholders and Definitive Proxy Statement.

The Proxy Statement is critical to our corporate governance process and to affirming the direction of our Company. The Proxy Statement provides you with important information about our Board of Directors and executive officers. Additionally, the Proxy Statement informs you of steps we are taking to fulfill our responsibilities to you as a stockholder.

In 2019, the executive leadership of our Company underwent a significant change, and in 2020, our Board of Directors has made changes in its membership as we continue to execute our long-term value creation strategy. First, on January 2, 2019, the Company appointed William T. Bosway as its President and Chief Executive Officer to replace Frank G. Heard who concurrently with the appointment of Mr. Bosway, announced that he would retire from his employment with the Company on March 3, 2020, and who will retire from the Board of Directors immediately prior to our 2020 Annual Meeting. Additionally, on March 18, 2019, the Company appointed Patrick M. Burns as its Chief Operating Officer.

More recently, on February 26, 2020, Linda K. Myers and Atlee Valentine Pope were appointed as members of the Company's Board of Directors and I am excited for the impact they will have on the Company by adding new leadership skills and enhances the gender diversity of the Board.

Throughout 2019, our Company continued to successfully implement its value creation strategy while migrating from a four-pillar strategy to a three-pillar strategy. The operating foundation of this three-pillar strategy is focused on three core tenets - business systems, portfolio management, and organizational development - to accelerate growth and future improve the Company's margin profile, both through organic and inorganic investment. We continue to realize significant returns from our value creation strategy as the Company made more money, at a higher rate of return, with a more efficient use of capital for the fifth year in a row.

The Proxy Statement will provide you with information relating to our governance and compensation considerations and is designed to provide you with information relating to the proposals that require your vote and solicit your vote if you cannot attend the Annual Meeting in person. Your vote is very important to us and we encourage you to vote promptly. Please note that your broker cannot vote on all of the proposals to be acted on at the Annual Meeting without your instruction. If you do not plan to attend the Annual Meeting in person, please execute and return your proxy or inform your broker as to how you would like us to vote your shares on the proposals set forth in the Proxy Statement.

The Proxy Statement includes a description of three proposals. Our Board of Directors recommends that stockholders vote **FOR** all proposals. Please read each proposal carefully and study the recommendations of the Board of Directors and its committees.

On behalf of our management team and our Board of Directors, I want to thank you for your continued support and confidence in Gibraltar Industries, Inc.

Sincerely,

A handwritten signature in cursive script that reads "William B. Montague".

DEFINITIVE PROXY STATEMENT

April 3, 2020

Date, Time, and Place of Annual Meeting

Gibraltar Industries, Inc., a Delaware corporation (the "Company", "Gibraltar", "we", "our", or "us"), is making this Definitive Proxy Statement available to you on or about April 3, 2020 in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board") to be voted at the 2020 Annual Meeting of Stockholders. The 2020 Annual Meeting is scheduled to be held on May 6, 2020 at 11:00 A.M., Eastern Time, via live webcast at www.virtualshareholdermeeting.com/ROCK2020. You will need to have the 16-digit control number included on your proxy card, or in the instructions that accompanied your proxy materials by the method you consented or elected to receive for delivery. This solicitation is for proxies for use at the 2020 Annual Meeting, and at any adjournment or adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders.

Voting Information

Record Date. The Board of Directors has fixed the close of business on March 18, 2020, as the record date for the determination of stockholders entitled to receive notice of and to vote at the 2020 Annual Meeting. At the close of business on March 18, 2020, the Company had outstanding and entitled to vote at the Annual Meeting 32,400,392 shares of common stock, \$0.01 par value per share ("Common Stock"). Each share is entitled to one vote on each matter properly brought before the Annual Meeting.

Solicitation Costs. The cost of the solicitation of proxies in the accompanying form will be borne by the Company, including expenses in connection with preparing and mailing this Definitive Proxy Statement. In addition to the use of the mail, proxies may be solicited by personal interviews and by telephone by directors, officers, and employees, without any additional compensation, as well as proxy solicitors. We have retained Alliance Advisors, LLC ("Alliance") to act as a proxy solicitor in conjunction with the annual meeting. We have agreed to pay Alliance \$13,000, plus reasonable out-of-pocket expenses, for proxy solicitation services. Arrangements will be made with brokerage houses, banks and other custodians, nominees, and fiduciaries for the forwarding of solicitation material to the beneficial owners of Common Stock, and the Company will reimburse them for reasonable out-of-pocket expenses incurred in connection therewith.

Voting Your Proxy. If the enclosed proxy is properly executed, returned, and received in time for the Annual Meeting, the shares represented thereby will be voted in accordance with the specifications, if any, made on the proxy card. If no specification is made, the proxies will be voted as recommended by the Board of Directors (i) **FOR** the nominees for directors named in this Definitive Proxy Statement, (ii) **FOR** the approval of the advisory resolution on our executive compensation (the "Say-on-Pay" vote), and (iii) **FOR** the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2020.

Vote Required. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting will constitute a quorum. Each proposal submitted to the stockholders requires the affirmative vote of holders of a majority of the shares present at the meeting, entitled to vote, assuming a quorum is present in person or by proxy. If a stockholder specifies an abstention from voting on a proposal, such shares are considered present but, since they are not affirmative votes for the proposal, they will have the same effect as votes against the proposal.

Directors are elected by a majority of votes cast unless the election is contested, in which case directors are elected by a plurality of votes cast. Nominees for the election of directors must receive more “for” than “against” votes to be elected. If an incumbent director, in an uncontested election, does not receive a majority of the votes cast, the director is required to tender his or her resignation to the Board of Directors. The Nominating and Corporate Governance Committee will make a recommendation to the Board of Directors on whether to accept or reject the resignation, or whether other action should be taken. The Board of Directors will act on the recommendation and publicly disclose its decision and rationale behind it within ninety (90) days of the date election results are certified.

Your shares may be voted on some of the matters to be acted on at the Annual Meeting if they are held in the name of a brokerage firm, even if you do not provide the brokerage firm with voting instructions. Brokerage firms have the authority to vote shares on certain routine matters for which their customers do not provide voting instructions by the tenth day before the meeting. The ratification of the appointment of Ernst & Young LLP as the Company’s independent registered public accounting firm for the year ending December 31, 2020 is the only stockholder proposal considered a routine matter.

The election of directors and the Say-on-Pay vote are not considered routine. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial holder of the shares with respect to that proposal, the brokerage firm CANNOT vote the shares on that proposal. This is called a “broker non-vote.” In tabulating the voting result for any particular proposal, shares that are subject to broker non-votes with respect to that proposal will not be considered votes cast either for or against the proposal. Please execute your proxy promptly so your shares will be represented at the Annual Meeting.

Revocability of Proxy. The execution of a proxy will not affect a stockholder’s right to attend the Annual Meeting and to vote in person. A stockholder who executes a proxy may revoke it at any time before it is exercised by giving written notice to the Secretary, by appearing at the Annual Meeting and so stating, or by submitting another duly executed proxy bearing a later date.

To fulfill these responsibilities, and the activities of its committees, the Board of Directors was comprised of eight directors during the year ended December 31, 2019. William T. Bosway was appointed to the Board of Directors effective January 2, 2019.

In recommending the candidates described above, the Company's Nominating and Corporate Governance Committee considers qualified candidates who will provide the Board of Directors with dedicated service, strong business-related skills and experience, and diversity as such qualifications are described below under the caption "Director Nomination Process." The appointment of the two new directors in February 2020 adds new leadership skills and enhances the gender diversity of the Board.

Under the Company's Bylaws, the Company's Chairman of the Board, William Montague, presides over meetings of the Board of Directors and meetings of the stockholders, while Gibraltar's Chief Executive Officer ("CEO"), William Bosway, has general authority for strategic initiatives involving the business and operational affairs of the Company, subject to the supervision and oversight of the Board. The Company maintains a leadership structure with separate Chairman and CEO roles and believes this structure better aligns with corporate governance best practices. The separated Chairman and CEO roles help to enhance the independent oversight of management which we believe more closely aligns the Company's leadership with the expectations of our stockholders.

In addition to the leadership structure described above, the independent directors of our Board meet in executive session at each quarterly board meeting, and all of the Board's key committees - the Audit Committee, the Capital Structure and Asset Management Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee - are comprised solely of and led by independent directors.

Board Tenure

Our corporate governance guidelines require our non-employee directors to submit an offer to resign from the Board to the Chairperson of the Nominating and Corporate Governance Committee upon reaching the age of 72, and following each succeeding birthday. We do not have any other tenure limitations, as we believe our retirement policy and natural turnover achieve the appropriate balance between maintaining long-term directors with deep institutional knowledge and refreshing the Board with new directors who bring new perspectives and diversity to the Board. Whenever possible, we structure director retirements and new director appointments to overlap so institutional knowledge can be transferred to new directors. In accordance with our corporate governance guidelines, Mr. Montague, upon reaching the age of 72 in 2018, and age of 73 in 2019, submitted his offer of resignation from the Board to Chairperson of the Nominating and Corporate Governance Committee. Upon review and recommendation by the Nominating and Corporate Governance Committee, the full Board, excluding Mr. Montague, determined not to accept Mr. Montague's offer to resign.

As of April 3, 2020, the average tenure for Directors of the Company is approximately six years of service.

Risk Oversight

The Board of Directors is actively engaged in the oversight of strategies adopted by management for mitigating risks faced by the Company. The effective oversight of risks a company may be exposed to requires an understanding of the nature of the risks, the steps management is taking to manage the risks and a determination of the level of risk which is acceptable to the Company. The involvement of the Board of Directors in reviewing the Company's enterprise risk management process provides the Board an opportunity to understand the risks faced by the Company, the strategies being implemented by management to minimize these risks and the level of management's tolerance for risk. With this understanding the Board is able to, if appropriate, require changes in the Company's operations or strategies to reflect the Board's determination of the appropriate level of risk for the Company.

Risks may arise in many different areas, including, among many others, business strategy; financial condition; competition for talent; operational efficiency; electronic data security; cyber-security; quality assurance; environmental, health, and safety; supply chain management; reputation; customer spending patterns; and intellectual property. The Board of Directors believes that, in light of the interrelated nature of the Company's risks, oversight of risk management is ultimately the responsibility of the full Board. As a result, the Board of Directors has not divided the responsibility for oversight of risk management among its committees; however, the Audit Committee assists the Board in fulfilling its responsibility. In carrying out this critical responsibility, the Board has implemented an enterprise risk management program designed to:

- Understand the critical risks in the Company's business and strategy;
- Evaluate the Company's risk management process and whether it functions adequately;
- Facilitate open communication between management and the Directors; and
- Foster an appropriate culture of integrity and risk awareness.

The Board discusses risk in general terms throughout the year at its meetings as well as risks in relation to specific proposed actions, including our executive compensation program structure and design. While the Board oversees the enterprise risk management process, management is responsible for implementing and executing controls designed to limit risk to the level deemed to be acceptable to the Board. The Company has internal processes and an effective internal control environment which facilitate the identification and management of risks and the quality and effectiveness of the risk related communications with the Board. These include an enterprise risk management program under the leadership of our Chief Financial Officer and our Treasurer, regular reports from management on business strategy, a Code of Business Conduct, and product quality standards. Management communicates routinely with members of the Board on the significant risks identified and how they are being managed.

Corporate Social Responsibility Highlights

The Board of Directors and the Company’s executive management team are committed to improving and positively impacting global environmental, social and governance (“ESG”) performance. Instead of a “program,” the executive management team views this effort as a fundamental to the how the Company operates every day. It starts with conducting business according to a set of core principles: building the “best place to work” for our people, supporting the communities we operate and live in, and working to alleviate some of the world’s most challenging issues including environmental sustainability and responsible employment practices throughout our supply chain. Our responsibility is ingrained across our organization, and demonstrated by a number key initiatives in each of our businesses. The Company is also committed to continuing the transformation of the Company’s portfolio of businesses toward those that embrace our principles. The Company continues to invest in building leadership positions in our renewable energy and conservation platform, where we enable more solar energy supply for communities and help growers produce biologically grown food anywhere, throughout the year, in a more environmentally-friendly and healthier way. As these businesses are faster growth, higher margin and centered around products and services that encourage sustainability, the Company is in a better position to manage risk and consistently generate long-term value, while supporting important initiatives focused on social and environmental opportunities.

The Nominating and Corporate Governance Committee oversees and receives periodic updates regarding the Company’s Corporate Social Responsibility (“CSR”) priorities and initiatives. The Company’s CEO oversees the Company’s CSR Committee, which includes members of the Company’s executive management team. The CSR Committee reviews our CSR strategy, including priorities and initiatives related to corporate social responsibility matters, and directs our businesses on environmentally and socially responsible priorities and initiatives that have a positive impact on our employees, our communities and the world.

Our mission is to be best-in-class in elements of sustainability and corporate social responsibility that matter to our people, our communities and the world.

Our People	Our Communities	The World

Training and Professional Development

Every day really matters! At Gibraltar, we support our people to realize their potential with meaningful career development opportunities. Over the last five years, we have held annual leadership meetings to provide training and education in the tools and processes required to implement our business systems, including various 80/20 tools, trade focus, and strategy. This training has been invaluable for our team and businesses, and our operating foundation is much stronger as a result. In furtherance of our continuing efforts to achieve operational excellence, in 2019 we initiated an important execution review process to ensure, each month, we deliver on commitments, execute consistently, and aggressively attack exceptions and challenges to our plans. Consistent execution and improvement creates a sustainable means to fund key growth investments, such as technology and people, and deliver expected returns to our stockholders. We have made solid progress, and we have plenty of opportunity in front of us.

The Company's strategy is based on three core tenets: portfolio management, business systems, and organization development, a critical element in executing our plans. Our focus is to build the best organization, and an environment where our people constantly learn, are challenged, and grow. The Company is also focused on building the most effective systems, tools and processes to enable the organization further. With these initiatives, along with our formal education and development program, we will build competencies, drive more diversity of thought, challenge internal paradigms, and drive improved and consistent performance, every day. We recently introduced Gibraltar University, a formal education and development program with a broad business curriculum delivered through formal classroom education, self-learning, and project-based implementation learning.

Diversity and Inclusion

We support diversity and inclusion and we encourage a culture where all employees come to work feeling appreciated and knowing they have an equal opportunity to grow and succeed based on their performance, regardless of individual differences. We believe that if our people feel respected and valued for who they are and their contributions, our people will perform better and help drive opportunities. To provide a better understanding of our people, below is certain key demographic data of our workforce.

Health & Safety

The continuous development of our organization is one of three core tenets of our strategy and creating a safe and healthy environment for our organization is a top priority for Gibraltar. This is not a program, but a continuous commitment from our leadership team and everyone across our organization with continuous focus and investment in education and tools, and accountability for improving our environment, every day. We expect each member of Gibraltar to follow our safety standards and practices, support our key initiatives, be accountable, and be part of the solution. We believe all accidents and near-misses are preventable, and we measure and review our safety results and corrective actions for each location every day. Keeping our team safe is about taking care of our people and their families. It is our goal for our facilities to be as safe or safer than our employees' homes. And as a result, we encourage our people to utilize their health and safety knowledge at home so their families can benefit as well.

We are continuously evolving our crisis management plans (CMP) across our businesses as we gain additional experience, review industry best practices, and apply more effective tools, processes, and policies. In an emergency, like a natural disaster or health pandemic, our main priority is the welfare of our people and maintaining business continuity. We are currently engaged in the COVID-19 pandemic, which we started addressing in February 2020. The pandemic has moved quickly requiring effective, timely, and continuous communication across all our locations, and with customers, suppliers, shareholders, and Board members. We have developed operating protocols to support "social distancing" initiatives, digital IT system protocols to support employees working remotely, and protocols in the event of a confirmed case of the virus at any of operating locations. As with any emergency, it is important we execute protocols with urgency and flexibility, remain agile, and react and evolve our plans in a timely manner.

Our Communities

We are committed to investing in the communities where our people live and work and to being an active and responsible corporate citizen in each community in which we reside and operate.

Gibraltar partners with local, regional, and national charities. We also celebrate and recognize efforts for supporting charities on a quarterly basis in company-wide Town Hall meetings. In 2019, we launched Gibraltar's Workplace Giving Program and partnered with four charitable organizations - Ronald McDonald House Charities, St. Jude Children's Research Hospital, Make-A-Wish Foundation of America, and Habitat for Humanity International. For every donation or contribution an employee makes to any of these charities, Gibraltar matches the same contribution amount in the name of the employee. We selected these four organizations to help start the Workplace Giving Program because of our existing relationship with each charity, and the various services and support they provide for those in need.

In addition to Gibraltar's Workplace Giving Program, our businesses fund a variety of local and regional charities in their respective communities with their time, talent, and treasure.

The World

We are committed to operating responsibly in the world by focusing on measuring, managing and reducing our environmental footprint, and promoting responsibility across our entire value chain.

Furthering our commitment to the world and the environment is a natural fit with our strategy for our environmentally-friendly renewable energy and conservation businesses.

Our Renewable Energy business designs, engineers, manufactures, and installs solar mounting and electrical systems for community, commercial, and utility-scale solar generation. Renewable Energy business has helped in the completion of 2,188 solar projects between 2015 to 2018 which lead to a combined output of 5,002 megawatts. These renewable energy solar project installations resulted in an offset to greenhouse gas (GHG) emission of 3.75 metric tons CO₂e.

We continue to improve our renewable energy solutions with new products, enhancing existing products, responding to regulatory changes, and providing services to contractors and end-users. Recently, we launched our new single-axis tracker system, as well as a new solar racking system for carports and canopy applications. The Company has also launched solar racking systems to help enable developers utilize "idle" land (e.g. solid-waste landfills) for solar power generation.

Our Conservation business is focused on helping people grow fruits & vegetables, flowers, and cannabis in the most environmentally-friendly and healthy way. It's focus is to help customers optimize crop yield while leveraging natural sunlight, minimizing water usage, and maintaining a pesticide-free growing environment. The business designs, engineers, manufactures, and installs commercial greenhouse growing structures and the operating systems necessary to create the best growing environment, and provides after-market service and support.

Baseline Environmental Metrics

Measuring the impact of our operations on the environment helps us identify areas for improvement. The environmental metrics below quantify the environmental impact of our operations in the areas of energy use, greenhouse gas emissions, water use and waste generation. We applied the following methodology in calculating the metrics reported below relating to energy use, greenhouse gas emissions, water use and waste generation. We collected data from each of our facilities that was a part of Gibraltar as of January 1, 2017 through December 31, 2018, and since acquisition date through December 31, 2018, for businesses acquired during this period. The data collected related to fossil fuel consumption (mobile and stationary), electrical usage, water usage, and waste production. The data collected was used to determine our environmental footprint. We define the scopes of our emissions to be the same as defined in *The Greenhouse Gas Protocol*. We have completely collected information required to determine Scope 1 and Scope 2 emissions, while partially collecting information to determine Scope 3.

Greenhouse Gas Emissions

	Normalized by Average Net Sales for 2017 - 2018 (per million USD)
GHG Emissions, Scope 1 (metric tons CO ₂ e)	8.3
GHG Emissions, Scope 2 (metric tons CO ₂ e)	21.8

Our annual average combined Scope 1 and Scope 2 GHG emissions is equivalent to the annual emissions of approximately 3,600 homes or 6,400 cars. Over 70% of our GHG emissions can be attributed to electricity usage at across our facilities (primarily Scope 2 emissions).

Wastes and Recycling

	Normalized by Average Net Sales for 2017 - 2018 (per million USD)
Total materials disposed* (metric tons)	2.3
Total materials recycled** (metric tons)	14.9

* Includes trash (MSW), wood/pallets, fats/oils/grease (FOGs), and hazardous waste.

** Over 95% of materials recycled are steel and aluminum. Other materials recycled include cardboard, wood/pallets, mixed recycles, fats/oils/grease, copper, paper and zinc.

Water Use

	Normalized by Average Net Sales for 2017 - 2018 (per million USD)
Total Water Use (cubic meters)	114.3

We are currently in the process of accumulating our January 1, 2019 through December 31, 2019 data, and we intend to disclose our 2019 environmental metrics as soon as reasonably possible. Our focus in 2020 and beyond will be to reduce our carbon footprint and we plan to set a goal for this reduction in the near future.

Compliance and Ethics

Our Code of Ethics and Statement of Policy ("Code of Ethics") reflects our commitment to the highest standards of ethics and business conduct. The ethical principles established by our Code of Ethics applies to our relationships with our customers, our suppliers, our stockholders, our competitors, the communities in which our people live and our businesses operate. The Code of Ethics applies to all of our employees, officers and directors. Additionally, it is applied by contract to others engaged by Gibraltar to the extent that we have the ability to impact their conduct. Any act of unethical business conduct, dishonesty, theft, or violation of the Code of Ethics may result in disciplinary action up to and including discharge and may also result in legal prosecution. Compliance is mandatory. Due to the constant evolution in both the domestic and worldwide environment in which we conduct business, our Code of Ethics is regularly reviewed and updated. The full text of our Code of Ethics and Statement of Policy is available on the Company's website at www.gibraltar1.com.

The Compensation Committee is also responsible for the administration of the Company's incentive compensation plans and authorization of grants of equity-based awards pursuant to such plans.

To fulfill its responsibilities, the Compensation Committee has the authority to retain and obtain advice from advisors. The Compensation Committee employs a nationally recognized compensation consultant, Korn Ferry ("KF"), to serve as a compensation advisor and perform market studies of compensation programs offered by a peer group of companies. The Compensation Committee determined KF is an independent advisor by assessing the firm on six independence factors as prescribed by the SEC. The Compensation Committee worked with KF and the Company's executive management team to make final decisions regarding the design of the programs used to compensate the Company's executive officers and directors in a manner which is consistent with the Company's compensation objectives. Compensation Committee Interlocks and Insider Participation

During 2019, Sharon Brady, Craig Hindman, Vinod Khilnani, and William Montague served as members of the Compensation Committee. Neither Ms. Brady, Mr. Hindman, Mr. Khilnani, nor Mr. Montague was an executive officer or employee of the Company or any of its subsidiaries during 2019 or prior thereto. In 2019, none of the executive officers of the Company or members of the Compensation Committee served on the compensation committee or on any other committee performing similar functions for any other entity's board of directors, any of whose officers or directors served on the Company's Board of Directors or Compensation Committee.

Mr. Khilnani serves as the chairperson of the Nominating and Corporate Governance Committee.

The purpose of the Nominating and Corporate Governance Committee is to identify and nominate individuals qualified to become Board and committee members, to establish and implement policies and procedures relating to the nominations of qualified candidates, to develop and recommend to the Board a set of corporate governance guidelines for the Company, and to oversee, review, and make periodic recommendations to the Board concerning the Company's corporate governance guidelines and policies. In support of these purposes, the Nominating and Corporate Governance Committee oversees the directors' continuing education, which includes seminars focused on strategic and governance issues. The current nominees for director were recommended for election to the Board at a meeting of the Nominating and Corporate Governance Committee held February 27, 2020. Sharon Brady, Craig Hindman, Vinod Khilnani, William Montague, and Atlee Valentine Pope did not participate in the recommendation with respect to themselves that they be nominated for election to the Board.

Director Nomination Process

When a Board vacancy arises, the Nominating and Corporate Governance Committee seeks to identify candidates for nomination who are highly qualified, willing to serve as a member of the Company's Board and will be able to serve the best interests of stockholders. The Nominating and Corporate Governance Committee believes that each candidate must possess at least the following minimum qualifications:

- Each candidate shall be prepared to represent the best interests of all stockholders and not just one particular constituency;
- Each candidate shall be an individual who has demonstrated integrity and ethics in his or her personal and professional life and has established a record of professional accomplishment in his or her chosen field; and
- Each candidate shall be prepared to participate fully in board activities, including active membership on at least one board committee and attendance at, and active participation in, meetings of the board and the committees of which he or she is a member, and not have other personal or professional commitments that would interfere with or limit his or her ability to do so.

The Nominating and Corporate Governance Committee believes that, given the size and complexity of the Company's operations, the best interests of the Company's stockholders will be served by a Board which is composed of individuals that contribute to the Board's overall diversity - diversity being broadly construed to mean a variety of opinions, perspectives, as well as personal and professional experiences and backgrounds. Accordingly, the Nominating and Corporate Governance Committee seeks to identify candidates for nomination who will contribute to the diversity of perspectives present in Board deliberations. During the nomination process, the Nominating and Corporate Governance Committee considers whether the Board's composition reflects an appropriately diverse mix of skills and experience in relation to the needs of the Company.

The Nominating and Corporate Governance Committee identifies candidates from several sources including directors on the Board, Gibraltar's executive management team, search firms and research, including database and internet searches. All potential candidates for a director role, including incumbents, are considered and evaluated against the qualifications outlined above.

Stockholder Recommendations of Nominees

The Company has adopted a policy regarding stockholder recommendations of nominees for director to be submitted for evaluation to the Nominating and Corporate Governance Committee. A stockholder may, at any time prior to the deadline for the submission of stockholder proposals, recommend a nominee for consideration by the Nominating and Corporate Governance Committee by sending a recommendation, in writing, to the Secretary of the Company or any member of the Nominating and Corporate Governance Committee, together with such supporting material as the stockholder deems appropriate. Any person recommended by a stockholder in accordance with this policy will be considered by the Nominating and Corporate Governance Committee in the same manner and by the same criteria as other potential nominees.

During 2019, the Nominating and Corporate Governance Committee did not receive any nomination recommendations from stockholders.

Succession Planning

Considering the critical importance of executive leadership to Gibraltar's success, we have a succession planning process that is enterprise wide for managers up to and including our Chief Executive Officer. Our Board of Directors' involvement in the process includes a review of succession plans and recommendations as to succession in the event of each executive officer's termination of employment for any reason.

Our Chief Executive Officer provides an annual review to the Board of Directors assessing the performance of the executive officers of Gibraltar. The Compensation Committee, pursuant to its charter, annually reviews the performance of the executive officers and discusses succession plans for each such officer with the Chief Executive Officer. The Board of Directors has the responsibility to review succession plans for the Chief Executive Officer and other key executive positions.

Vice Chair of the Company's Board of Directors

Effective upon the hiring of Mr. Bosway, on January 2, 2019, Frank G. Heard agreed to resign from his position as the Company's President and Chief Executive Officer and be appointed and continue employment as Vice Chair of the Company's Board of Directors, through March 3, 2020, on which date, Mr. Heard retired from employment with the Company (the "Retirement Date").

Commencing on the date Mr. Heard resigned from his position as President and Chief Executive Officer and continuing through Mr. Heard's Retirement Date (such period being hereinafter the "Transition Period"):

- Mr. Heard continued to participate in the Company's employee benefit plans and programs;
- The Company continued to pay Mr. Heard's annual base salary at the same rate as Mr. Heard's 2018 annual base salary;
- Mr. Heard was entitled to participate in the Company's annual cash incentive compensation program at a target level of performance equal to 110% of his annual base salary and to participate in the 2018 Management Stock Purchase Plan, with the same matching percentage which Mr. Heard was entitled to under such plan for 2018, with amounts earned in 2020 prorated for Mr. Heard's length of employment; and

With respect to Mr. Heard's employment during the period January 1, 2020 through March 3, 2020, Mr. Heard was not entitled to receive any equity-based incentive compensation awards. In addition, effective upon Mr. Heard's Retirement Date, all of Mr. Heard's then-outstanding equity-based incentive compensation awards became fully vested and non-forfeitable.

COMPENSATION OF DIRECTORS

2019 Compensation of Directors

Our Compensation Committee engaged Korn Ferry, a nationally recognized compensation consultant, to review survey information, and provide other publicly available information and advice to the Compensation Committee with respect to compensation-related matters for non-employee director compensation for a peer group of companies. The peer group is the same as the peer group disclosed in the section entitled "Compensation Discussion & Analysis" below.

The Compensation Committee reviewed information provided by Korn Ferry relating to Board compensation in relation to compensation earned by directors of our peer group of companies. After this review in May 2019, the Compensation Committee approved a compensation program for non-employee directors consisting of:

- an annual cash retainer of \$60,000;
- an annual payment for each Board committee on which he or she serves equal to \$10,000;
- an additional annual fee of \$100,000 for the Chairman of the Board;
- an additional annual fee to the Chair of the Audit Committee of \$10,000;
- an additional annual fee to the Chair of the Compensation Committee of \$7,500,
- an additional annual fee to the Chair of the Capital Structure and Asset Management Committee of \$7,500; and
- an additional annual fee to the Chair of the Nominating and Corporate Governance Committee of \$5,000.

In addition, the Compensation Committee approved annual grants of stock to each non-employee director having an aggregate fair value equal to \$95,000. These shares vest immediately and are delivered to Directors unless a Director elects to defer for future issuance the receipt of all or a portion of the stock award received. Pursuant to this approval, non-employee directors received awards of stock in May 2019. The amount of stock compensation provided to our directors is consistent with the amount of equity-based compensation paid to directors of our peer group as determined in the peer study described above.

Our Management Stock Purchase Plan ("MSPP") permits non-employee directors to defer their receipt of payment of a portion of their cash retainer to an account established for the director and credited with restricted stock units ("RSUs") equal in number to the number of shares of the Company's stock which could have been purchased using the amount of director fees deferred (see the discussion of the MSPP under the caption *Non-Qualified Deferred Compensation* in the "Compensation Discussion & Analysis" below). RSUs credited to the account of non-employee directors to reflect amounts deferred under the MSPP are paid to the participants upon the termination of their service to the Board.

PROPOSAL 2 ADVISORY VOTE ON EXECUTIVE COMPENSATION ("SAY-ON-PAY")

We are providing our stockholders with the opportunity to cast an advisory vote to approve the compensation of our named executive officers as described in this Definitive Proxy Statement (commonly referred to as the "Say-on-Pay" vote). The Say-on-Pay vote is advisory, and therefore not binding on the Company or the Compensation Committee. However, the outcome of the vote will provide information to the Company and the Compensation Committee regarding stockholder sentiment about our compensation policies and procedures, which the Compensation Committee will carefully review and consider when making future decisions regarding the compensation of our executive officers. Stockholders are encouraged to read the section below entitled "Compensation Discussion & Analysis," which describes how our compensation policies and procedures implement our compensation philosophy.

Our Compensation Committee has established and designed our executive compensation program to link pay with performance, while enabling the Company to attract and retain qualified talent on the executive management team. We believe the Say-on-Pay vote represents an additional means by which our Compensation Committee may obtain important feedback from our stockholders about the executive compensation program it has designed for our executive officers.

As set forth in the Compensation Discussion & Analysis, the overall objective of our executive compensation program is to attract and retain the talent necessary to ensure Gibraltar's continued success and to ensure alignment of executive pay with stockholder interests and support Company goals and strategies. To achieve this, the Compensation Committee has designed compensation programs that:

- Provide competitive total pay opportunities relative to an appropriate peer group;
- Drive high performance through the use of programs that support and reward desired business results;
- Reinforce commitment to operational excellence, quality, safety, innovation, and the environment; and
- Manage compensation program costs and risks while providing for flexibility to vary costs in changing business environments.

As a result, a significant portion of the total compensation of our executive officers is performance-based, in that it depends on the achievement of both short and long-term financial goals and strategic objectives. Additionally, by using our common stock as the payment currency for our long-term incentive compensation, we incentivize the establishment and implementation of policies and programs which will improve the price of our stock.

In 2019, short- and long-term incentive compensation represented 50% of our Chief Executive Officer's targeted total compensation and 55% of the targeted total compensation of our other named executive officers. We believe that this emphasis on both short and long-term financial performance in our compensation structure aligns executives' and stockholders' interests. The Compensation Committee believes that the executive compensation program is closely aligned with the long-term interests of our stockholders and is effective in implementing our compensation philosophy and in achieving our strategic goals.

The Say-on-Pay vote gives you, as a stockholder, the opportunity to provide feedback on our executive compensation program by voting for or against the following resolution:

"RESOLVED, that the stockholders of Gibraltar Industries, Inc. (the "Company") approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in this Definitive Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion & Analysis, the Summary Compensation Table, and other related tables and disclosure."

The Board urges stockholders to endorse the executive compensation program by voting in favor of this resolution. As set forth below in the Compensation Discussion & Analysis, the Compensation Committee is of the view that the executive compensation for 2019 was reasonable and appropriate, justified by the performance of the Company and the result of a carefully considered approach.

Although the Say-on-Pay vote is non-binding, the Board of Directors and Compensation Committee will carefully review the outcome of the vote. The Compensation Committee will consider the outcome of the Say-on-Pay vote, as well as other communications from stockholders relating to our compensation practices, in future determinations concerning our executive compensation program.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE ADVISORY APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS DEFINITIVE PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC IN PROPOSAL 2.

COMPENSATION DISCUSSION & ANALYSIS

This section, Compensation Discussion & Analysis (“CD&A”), provides the Company’s stockholders with information about the compensation awarded to our named executive officers (“NEOs”) who are listed in the Summary Compensation Table, and demonstrates how the compensation program encourages our NEOs to create stockholder value. The CD&A further illustrates the considerations the Compensation Committee has used and will continue to use in establishing the Company’s compensation philosophy, overseeing the policies that result from that philosophy, and making decisions with respect to those policies, including changes to the policies if warranted.

Executive Summary

2019 Executive Leadership Transition

On January 2, 2019, the Company appointed William T. Bosway as President and Chief Executive Officer of the Company. Prior thereto and for 29 years, Mr. Bosway worked for two Fortune 500 industrial companies. Mr. Bosway brings to the Company strong leadership skills and significant experience in acquisitions, driving organic growth, lean manufacturing and continuous improvement techniques. In connection with Mr. Bosway’s appointment, Frank G. Heard, former President and Chief Executive Officer of the Company was appointed Vice Chair of the Board of Directors and subsequently retired on March 3, 2020. Commencing on the date Mr. Heard resigned from his position as President and Chief Executive Officer and continuing through March 3, 2020, Mr. Heard’s primary duties were to assist Mr. Bosway in transitioning in to the position of President and Chief Executive Officer of the Company.

Additionally, on March 18, 2019, the Company appointed Patrick M. Burns as Chief Operating Officer. In his position as Chief Operating Officer, Mr. Burns is responsible for all aspects of the Gibraltar’s day to day operations across its businesses and such other executive duties as he is assigned from time to time by the Board of Directors and the Chief Executive Officer.

Our Compensation Committee consulted with Korn Ferry concerning Mr. Bosway’s and Mr. Burns’ compensatory arrangements in connection with their respective employments, which arrangements are discussed above in the “Directors and Executive Officers of the Company” section of this Definitive Proxy Statement.

2019 Business Results

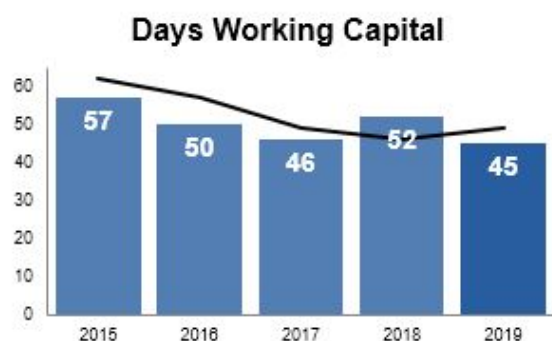

Our mission is to create compounding and sustainable value with strong leadership positions in higher growth and profitable end markets. Over the past twelve months coinciding with the leadership transition, the Company migrated from a Four-Pillar strategy to a Three-Pillar strategy with the operating foundation focused on three core tenets: Business Systems, Portfolio Management and Organizational Development.

- Business Systems, which combines two of the Company’s previous strategic pillars - operational excellence and product innovation - is supported by an execution review of the Company’s monthly business performance, implementation of key investments, IT operating and digital systems performance, and new product and services innovation.
- Portfolio Management, which combines the two remaining previous strategic pillars - acquisitions and portfolio management - is focused on optimizing the Company’s business portfolio and ensuring our human and financial capital are invested to provide sustainable, profitable growth while expanding our relevance with customers and shaping our markets.
- Organizational Development is the third pillar of our strategy. In order to execute Business Systems and Portfolio Management, the Company must have a highly talented organization, and the organization must continuously develop and improve. The Company aspires to make each of our places of work the “Best Place to Work,” where we focus on creating the best development and learning environment for our people, proactively operate businesses that solve global challenges, and engage and support the communities we are present in. We believe doing so helps us attract and retain the best people so we can execute our business plans.

In addition to migrating from a Four-Pillar strategy to a Three-Pillar strategy during 2019, the Company accomplished the following: implemented new management tools to complement our core 80/20 toolkit and drive improvements in our operating margins; increased the percentage of our sales that are direct to end customer, allowing us to have a more meaningful connection with our end customer, providing the opportunity to better understand the challenges our customers face, and developing solutions to these challenges; and continued to shift the focus of our portfolio to take advantage of rising tides in the renewable energy and conservation markets.

As a result of the success of these strategic initiatives, the Company's adjusted financial measures in 2019 exceeded thresholds set for performance goals under the Company's performance-based compensation programs.

The charts following show how the Company's adjusted performance on the key financial metrics which are used in our incentive compensation program impacted (i) payouts under our Management Incentive Compensation Plan ("MICP") and (ii) number of Performance Stock Units ("PSUs") earned under our annual grant of performance-based equity compensation. Note that these financial measures differ from reported financial measures based on generally accepted accounting principles ("GAAP") due to adjustments to remove the impact of special charges. We add back these charges and gains, in accordance with the terms of our performance-based compensation programs, to provide a measurement of earnings from our ongoing operations and serve as a basis to assess the Company in future periods. These adjusted financial measures are reconciled to our GAAP financial measures within the CD&A.

— Target

The charts above reflect the link between incentive compensation and performance for 2019. On average, our NEOs earned an annual incentive equal to 117.45% of target under our MICP and all of our named executive officers earned PSUs equal to 116% of target based on the return on invested capital (“ROIC”) performance goal. The Compensation Committee established performance goals with targets that were designed to provide opportunities for high performing executives to achieve above market rewards based upon outstanding business results.

The charts above show the Compensation Committee set targets at levels that exceeded 2018 actual. In 2019, the Company improved and achieved or exceeded the threshold level of performance in all four metrics. Performance compensation payout percentages under MICP and PSU have risen in 2019 from 2018, but did not reach the level of MICP and PSU payout percentages of 2015 and 2016, due to the Compensation Committee incorporating higher expectations each year for each metric compared to actual results obtained in prior years.

Executive Compensation Highlights

Gibraltar is committed to a philosophy that is heavily weighted toward pay-for-performance that we believe meets or exceeds industry norms. Some of the best practices we employ to achieve this objective include:

What We Do	What We Don't Do
Deliver a significant portion of executive compensation in the form of at-risk, performance-based compensation	Have single-trigger change-in-control agreements
Set performance goals for stock-based incentives on ROIC based in part on consultation with significant stockholders	Provide change-in-control cash benefits greater than 275% of cash compensation
Limit the maximum payout that can be received in our annual cash incentive plan to 150% of target	Maintain a supplemental executive retirement plan
Reward our executives with performance-based compensation awards linked to relative total stockholder return	Allow our directors and employees to enter into hedging and pledging transactions with Gibraltar stock
Require our directors and executive officers to satisfy stock ownership guidelines	Provide excise tax gross-ups upon a change in control
Engage in a rigorous target-setting process and use multiple performance metrics for the annual cash incentive plan	Provide excise tax gross-ups on executive benefits and perquisites
Maintain a Clawback Provision that applies to all employees	Discount, reload or re-price stock options
Limited use of executive benefits and perquisites	
Focus on mitigating undue risk in compensation programs	

Conclusion

The Compensation Committee believes that the Company's pay-for-performance philosophy and commitment to compensation programs that encourage the creation of sustainable, long-term stockholder value and alignment of the interests of the named executive officers with those of our stockholders have been successful in encouraging consistent improvement in the Company's operating results. The Company's overall performance in 2019 exceeded that of the prior year, and led to compensation earned under our incentive compensation plans above the threshold performance level, and targeted performance level, except for one of the four metrics. The incremental costs incurred during 2019 for field improvements for our solar tracker solution, resulted in performance by the Company which did not exceed the targeted level of performance for adjusted operating margin under the incentive compensation plans. Nonetheless, 2019 was the fifth year of the Company's transformational value creation strategy and we continued to generate higher earnings than prior year, at a higher rate of return, with a more efficient use of capital.

We believe the Company's operating performance and the resultant level of performance-based incentive compensation earned by our executive management team demonstrates the effectiveness of the Company's pay-for-performance philosophy. The highlights above, as well as the information contained in this CD&A, further reflect the Compensation Committee's aim to design a compensation program that fairly rewards our executive officers based on performance that is consistent with best practices and in line with pay practices used by our peer group.

Say-on-Pay Vote Results and Response

Based on the results of the Say-on-Pay vote at the 2019 Annual Meeting of Stockholders, in which Gibraltar received 96.3% support from its stockholders, the Compensation Committee concluded that the vast majority of stockholders supported the Company's compensation programs.

Compensation Philosophy and Pay-for-Performance

The Compensation Committee's executive pay philosophy is designed to promote alignment of executive pay with stockholder interests and to support Company goals and strategies. Executive compensation programs are designed and managed to promote value creation, to advance overall business objectives, to attract and retain the workforce necessary to ensure the Company's continued success, and to support Gibraltar's position as a leading manufacturer and provider of products and services for renewable energy, conservation, residential, industrial and infrastructure markets. From time to time, the executive pay philosophy may be restructured as necessary, to ensure alignment of executive pay with stockholder interests and to support the Company's goals and strategies.

The Compensation Committee focuses the design and delivery of the Company's compensation programs to achieve the following:

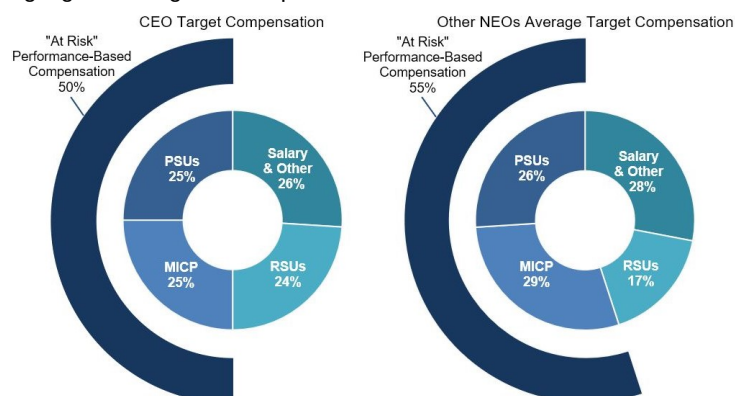

- Provide competitive total pay opportunity levels relative to an appropriate group of our peer companies;
- Drive high performance by our executive officers through the use of programs that support and reward desired business results;
- Provide opportunities for high performing executive officers to achieve above market rewards;
- Reinforce our commitment to operational excellence, quality, safety, innovation, and to the environment;
- Manage current and future programs and risks; and
- Provide the flexibility to vary compensation costs through periods of change in our business.

We believe our named executive officer's interests are more directly aligned with the interests of our stockholders when compensation programs are significantly impacted by the value of our common stock, encourage ownership of our common stock, and reward both short and long-term financial performance. The significant elements of our compensation program for executive officers include base salary, the annual Management Incentive Compensation Plan ("MICP"), equity-based incentive compensation under the Long-Term Incentive Plan ("LTIP"), other perquisites, and non-qualified, equity-based deferred compensation plans ("MSPP" and "2018 MSPP").

The Compensation Committee believes our LTIP, which includes performance-based and time-based equity awards, furthers the objectives noted above and directly aligns with the interest of our stockholders. Another element of our compensation program, the MICP, provides an annual incentive program to our executives which is based upon the achievement of financial and strategic goals. The Compensation Committee believes the other elements of our compensation program are competitive with the market for our management talent and allow us to attract and retain a highly qualified senior management team. As a result, the compensation programs include a substantial portion of performance-based compensation, including the MICP and performance-based equity awards issued under the LTIP.

Consistent with our executive pay philosophy, our CEO's target compensation is designed to be heavily weighted toward performance-based compensation. During 2019, as depicted in the following chart, 50% of our CEO's target compensation was provided in the form of performance-based compensation, with an additional 24% attributed to time-vested stock awards. The target compensation of our other NEOs is also weighted toward performance-based compensation. During 2019, on average, 55% of our other NEOs compensation was performance based, with another 17% attributed to time-vested stock awards. The long-term value of time-vested stock awards will fluctuate with our stock price, thus aligning our executive officers' interests with our stockholders' interests.

The following charts highlight the targeted compensation mix in 2019 for our CEO and the average mix for the other NEOs:

Performance-based compensation consists of annual incentive compensation and performance-based equity awards. A significant portion of the executive officers' compensation is at-risk based on the value of the Company's common stock and financial performance. The above charts include targeted compensation generated from the Company match, which is provided for salary and MICP deferrals into our non-qualified deferred compensation plans, an important part of our compensation program. Compensation deferred into the MSPP and 2018 MSPP that is matched, is converted to restricted stock units and is also at-risk, since the matching amounts are paid based on the value of the Company's common stock. The structure of our non-qualified deferred compensation plans furthers our goal of aligning the interest of our executive officers with the interests of our stockholders as it encourages the deferral of their current compensation for a future payment based on the Company's future stock price.

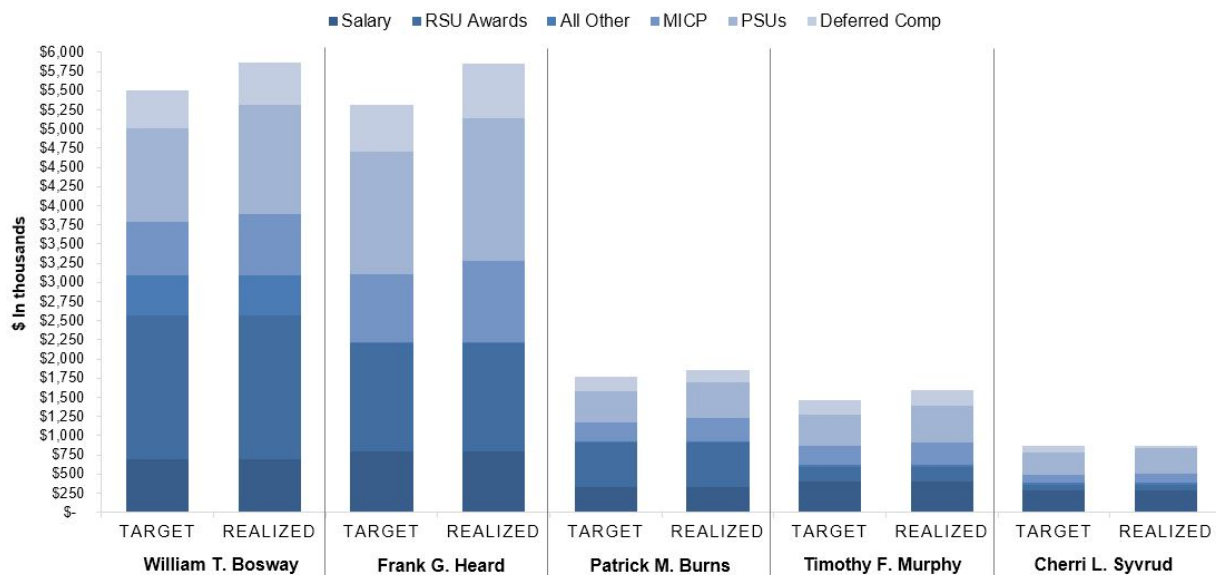

The Compensation Committee believes the structure of the MICP incentivizes management to simplify and improve the Company's operations to generate higher earnings, at a higher rate of return, with a more efficient use of capital.

The other significant components of compensation for our executive officers are not at-risk and consist of a competitive base salary and long-term incentive compensation consisting of time-based restricted stock units ("RSUs"). The RSUs convert to shares over a vesting period generally consisting of four years. The Compensation Committee believes the RSU awards align the executive officers' goals with the interests of our stockholders as the officers are incentivized to adopt a long-term approach to value creation and increase the stock price through ownership of RSUs and shares of the Company's common stock. We believe time-based equity awards provide a good balance between performance and share ownership which aligns with long term interests of our stockholders while at the same time encouraging continuity of our executive management.

Distinguishing Awarded Compensation from Realized Compensation

It is important to distinguish the compensation awarded to our named executive officers in 2019, as required to be reported under applicable SEC rules, from the compensation that was actually earned by our executive officers. Compensation reported within the Summary Compensation Table uses different measurements of the compensation reported depending on the type of compensation. The PSU compensation reported for each executive officer is disclosed at targeted award value, or grant-date fair value, while the compensation from the MICP reported in the table reflects the actual amount earned and paid to the executive officers, or realized value. If both portions of performance-based compensation were measured at their realized value, it would show the impact of actual performance on each executive officer's compensation.

The chart and table below demonstrate and provide the impact that performance-based and deferred compensation had on total compensation realized by our executive officers in 2019:

Name	Fixed Compensation			Performance Based Compensation						Total Compensation		% of Target
	Salary (1)	RSU Awards (1)	All Other (1)	MICP		PSUs		Deferred Compensation		Target	Realized	
				Target (2)	Realized (1)	Target (1)	Realized (3)	Target (4)	Realized (4)

- (1) Amounts correspond to those set forth in the Summary Compensation Table (Refer to Summary Compensation Table Footnotes 4, 5, 7, 8 and 10).
- (2) Equal to the target annual incentive compensation calculated for each NEO based upon a percentage of their salaries. Mr. Burns' target annual incentive compensation is pro-rated for the portion of 2019 that he was employed by the Company.
- (3) Equal to the actual number of PSU shares earned based on performance of the Company times the stock price as of March 1, 2019 for Messrs. Bosway, Heard, Murphy, and Ms. Syvrud, respectively, and as of March 18, 2019 for Mr. Burns.
- (4) The deferred compensation (i) target equals the company-match shares that would be credited to their non-qualified deferred compensation accounts if each NEO deferred all eligible amounts under the 2018 MSPP, and the MICP was at target; and (ii) realized amount equals the value of the company-match shares added to each NEO's accounts during 2019 for actual salary deferrals and value of the company-match shares that were earned in 2019 related to actual MICP that will be added to each NEO's accounts in 2020.

As shown above, the realized compensation earned by each Named Executive Officers ranged from 101% to 110% of targeted compensation. Realized compensation was greater than target compensation as a result of the Company's performance in relation to the performance goals set for the MICP and PSUs. The Compensation Committee believes realized compensation is an important metric to understand when evaluating the effectiveness of the Company's compensation programs.

Design of the Compensation Program

The Compensation Committee engaged an independent compensation advisor, Korn Ferry, during 2019 to provide survey information and assistance in connection with the review and analysis of the compensation program for our executive officers to confirm that the emphasis of this program is on performance and long-term incentives and is competitive within our industry in terms of base salaries, annual incentives, and long-term incentives. These three components are the key elements of the compensation program provided to our executive management team.

The Company's compensation program is reviewed annually to ensure that the goals of the program are met and is amended from time to time to incorporate changes consistent with current industry best practices. The compensation program compensates our executive officers through a mix of base salary, annual incentive payments, and long-term equity-based incentives.

Peer Company Analysis

The relative levels of targeted compensation of our executive officers are determined, in part, by reference to compensation paid to similarly situated executives by a peer group of companies selected by the Compensation Committee in consultation with Korn Ferry. The peer group selected by the Compensation Committee during 2019 consists of:

A.O. Smith Corporation	Armstrong World Industries, Inc.	Masonite International Corporation
Aaon, Inc.	Cornerstone Building Brands, Inc.	Patrick Industries, Inc.
Actuant Corporation	Eagle Materials, Inc.	PGT Innovations, Inc.
Albany International Corporation	Griffon Corporation	Quanex Building Products Corporation
American Woodmark Corporation	Insteel Industries, Inc.	Simpson Manufacturing Co., Inc.
Apogee Enterprises, Inc.	L.B. Foster Company	Trex Company, Inc.

The Company made a minor change to its peer group in 2019, adding one peer company, Aaon, Inc., to the peer group to increase the group to eighteen peer companies. The Compensation Committee believes the chosen peer group aligns with best practices as it provides a sufficient sample size from which we draw conclusions, and reflects a representative market for executive talent that our business faces. The peer companies were selected based on their comparable size, as measured by net sales and market capitalization, and industry. Companies within the selected peer group are all building products or industrial businesses that as of December 31, 2019 have revenues, market capitalization, or assets equal to approximately 40% to 300% of Gibraltar's revenues, market capitalization, or assets.

Compensation Committee Approval Process

Management recommendations for salary increases and participation levels for all other components of our compensation program, for all executive officers other than the CEO, are made annually and are based on the CEO's evaluation of each executive officer's performance, length of service to the Company, experience, level of responsibility, the Company's financial position, and degree to which their efforts have contributed to the implementation of the Company's strategies and goals. This information, along with the information provided by KF, is then used by the Compensation Committee to review and establish the compensation of each executive officer. The CEO's compensation package is determined by the Compensation Committee based upon the same criteria.

Final authority for the establishment of annual compensation packages of our executive officers resides with the Compensation Committee. Once base salaries are established, the formula-driven components of our compensation program are applied to determine the amount of the total compensation which our executive officers will be entitled to receive based upon the degree to which the Company's annual goals have been achieved.

Based on the peer group analysis described above along with CEO and Compensation Committee review, targeted annual incentive compensation and long-term equity-based incentive compensation components of each executive officer's total compensation were set at percentages of each executive officer's base salary. This provides the executive officers and stockholders a degree of certainty as to the level of incentive compensation which executive officers will be entitled to receive upon attainment of a specified level of performance.

The following table summarizes the targeted level of compensation for annual cash incentive compensation and long-term equity-based incentive awards (including RSUs and PSUs) established by the Compensation Committee:

Position	Percentage of Salary	
	Annual Incentive Compensation (MICP)	Long-Term Equity Compensation (LTIP)
Chief Executive Officer	100%	300%
Vice Chair of the Board	110%	375%
Chief Operating Officer	60%	145%
Chief Financial Officer	60%	145%
Senior Vice President	35%	125%

The Compensation Committee set the targeted annual incentive compensation and long-term equity-based incentive compensation levels as a percentage of salary after consulting with KF. The Compensation Committee considers these compensation levels reasonable in comparison to the peer companies described above and tailored to the Company's leadership structure, level of responsibility, and emphasis on pay-for-performance while also emphasizing stock ownership which we believe aligns management's interests with the interests of our stockholders.

The long-term equity-based incentive plan, as developed by the Compensation Committee, provides executive officers the ability to earn long-term equity-based incentive compensation, which is based, in part, on the passage of time and, in part, on the achievement of performance objectives. This plan was responsive to the desires of both the Compensation Committee and management to develop a long-term equity-based incentive program which would be more closely aligned with the interests of the Company's stockholders than an equity-based incentive program that provided for payment solely on the expiration of time.

The Compensation Committee believes that the long-term equity-based incentive compensation structure described above promotes the interests of the Company's stockholders by providing incentives to executive officers to continue their employment with the Company as well as an incentive to create stockholder value. Furthermore, executive officers are provided an incentive to improve the value of the Company's common stock over the long-term because final payment of this long-term equity-based incentive compensation program is based on the price of the Company's stock at the time of payment.

Consideration of Risk

We believe the design of our executive compensation program provides an appropriate balance of incentives for executives and avoids inappropriate risks. Our compensation program is balanced and focused on the long-term so that our executive officers are incentivized to deliver superior performance over sustained periods. In an effort to promote a focus on the long-term, these compensation plans are designed to allow for deferral of compensation and have elements that are only realizable upon retirement under the MSPP and upon completion of a five-year service requirement under the 2018 MSPP. We believe these plans provide strong incentives to implement policies that promote long-term value creation while avoiding excessive risk-taking in the short-term.

Performance goals are established to align with our overall risk framework and reflect a balanced mix of financial measures designed to avoid placing excessive weight on a single measure. Compensation is also balanced among current cash payments, deferred cash, and equity awards. With limited exceptions, the Compensation Committee retains discretion to adjust compensation for quality of performance and adherence to Company values. Additionally, we have policies in place that limit the amount of compensation that can be earned under performance-based incentive programs, require our executive officers to own certain levels of Company stock, prohibit hedging and pledging activities, and include a Clawback Provision for all performance-based compensation.

Base Salary. As noted above, the Company provides named executive officers with a base salary established by the Compensation Committee, which reflects the level of responsibility held by our executive officers, rewards them for the day-to-day performance of their duties, and is competitive within our industry. Our competitive analysis includes a review of the base salaries and total compensation paid by our peer group companies to their executive officers. The following are named executive officers base salary for 2019 and 2018, and percentage change from prior year:

Name	2019 Base Salary	2018 Base Salary	% Change
William T. Bosway	\$ 700,000	*	*
Frank G. Heard	\$ 800,000	\$ 800,000	—%
Patrick M. Burns	\$ 410,000	*	*
Timothy F. Murphy	\$ 410,000	\$ 390,000	5.1%
Cherri L. Syvrud	\$ 290,000	\$ 270,000	7.4%

* 2018 Base Salary not applicable for Mr. Bosway or Mr. Burns, respectively, as Mr. Bosway was appointed President and Chief Executive Officer of the Company on January 2, 2019 and Mr. Burns was appointed Chief Operating Officer of the Company on March 18, 2019.

The Compensation Committee, in consultation with KF, established the base salary of our President and Chief Executive Officer at \$700,000 for 2019, and the base salaries of our other executive officers, in each case based upon an analysis of the base salaries of similarly positioned executives in our peer group. This analysis also provided a baseline for other components of compensation for the executive officers, including stock-based compensation and annual incentive compensation targets.

Annual Management Incentive Compensation Plan. Our annual Management Incentive Compensation Plan (“MICP”) provides alignment between executive management’s cash compensation and stockholder interests by rewarding management for achievement of performance targets that the Compensation Committee believes will enhance stockholder value. The performance goals and weightings are reviewed by the Compensation Committee with management on an annual basis and adjusted if deemed appropriate by the Compensation Committee. The Compensation Committee reviews and alters the weightings and the targets to ensure the management team focuses on the key metrics during different periods. The maximum achievement under the MICP was limited to one hundred and fifty percent (150%) of targeted annual incentive compensation.

MICP targets in 2019 included adjusted earnings per share (“Adjusted EPS”), adjusted operating margin (“Adjusted OM”), days of working capital (“DWC”), and the achievement of strategic objectives.

During 2019, the weighting of the annual MICP for the executive officers was set as follows:

Adjusted EPS	50.0%
Adjusted OM	12.5%
DWC	12.5%
Achievement of strategic objectives	25.0%

The targets and thresholds for the achievement of MICP awards for 2019 compared to actual achievement and targets set for the prior year are as follows:

Level of Achievement	Adjusted EPS		Adjusted OM		DWC	
	2019	2018	2019	2018	2019	2018
Threshold	\$2.34	\$1.88	10.1%	10.1%	51	50
80% Achievement	\$2.45	\$2.08	10.6%	10.5%	50	47
100% Achievement	\$2.55	\$2.35	11.1%	11.0%	49	46
150% Achievement	\$2.70	\$2.50	11.6%	12.0%	47	44
Actual	\$2.58	\$2.14	10.5%	10.1%	45	52

As shown above, the Adjusted EPS and Adjusted OM targets were set to equal to or exceed prior year results, except for the 150% Adjusted OM target. Additionally, as shown above, the Adjusted EPS was set to significantly improve from the prior year targets. Further, the target and threshold developed for DWC were based on management’s goal to maintain working capital levels while promoting high service levels and maximizing cash flows from operations in an effort to efficiently use our capital. Additionally, the MICP includes achievement of individual strategic objectives as a fourth performance criterion. The individual strategic objectives were established to support the Company’s value creation strategy. Points were assigned to specific strategic objectives for each executive officer. Their performance relative to completing each objective was evaluated on a point scale using specific measurements for their performance during the year. The percentage of attainment of these strategic objectives was measured by comparing the actual points attained in all objectives compared to the total amount of points assigned to each objective. These targets and thresholds are reviewed on an annual basis to ensure alignment of incentive compensation with the Company’s goals.

Targeted annual incentive compensation under the MICP as a percentage of executive officer base salaries along with the potential payouts at threshold, target, and maximum levels are as follows:

Name	Targeted Annual Incentive Compensation as a Percentage of Base Salary	Base Salary	Potential Payout At		
			Threshold	Target	Maximum
William T. Bosway	100%	\$ 700,000	\$ 374,500	\$ 700,000	\$ 1,050,000
Frank G. Heard	110%	\$ 800,000	\$ 470,800	\$ 880,000	\$ 1,320,000
Patrick M. Burns	60%	\$ 410,000	\$ 131,610	\$ 246,000	\$ 369,000
Timothy F. Murphy	60%	\$ 410,000	\$ 131,610	\$ 246,000	\$ 369,000
Cherri L. Syvrud	35%	\$ 290,000	\$ 54,303	\$ 101,500	\$ 152,250

The Compensation Committee believes incentivizing management to deliver improved earnings with a focus on the efficient use of capital will provide stockholders with value as higher profits and lower working capital requirements lead to increased cash flow used to fund growth initiatives, including acquisitions. Accordingly, the Adjusted OM target is based upon a percentage of net sales to incentivize management to maximize profitability at any level of sales volume. The Compensation Committee also believes it is important for management to be incentivized to optimize working capital requirements which will maximize cash flow from operations, and in turn fund the growth of the Company. The Compensation Committee believes combination of the three financial targets, respectively, Adjusted EPS, Adjusted OM, and DWC, incentivize management to maximize the return on investment for our stockholders. Furthermore, the Compensation Committee concluded that the metrics used in determination of the MICP payout are effectively connected to the creation of stockholder value.

The following summarizes the level of attainment for each financial performance goal during 2019 (dollar amounts and shares in thousands):

	Adjusted EPS	Adjusted OM	DWC
Income from operations as reported		\$ 87,839	
Net income from continuing operations as reported	\$ 65,091		
Restructuring and other special costs	18,387	22,214	
Adjusted operating income		\$ 110,053	
Interest expenses special charges	842		
Adjusted net income	\$ 84,320		
Weighted average shares outstanding - diluted	32,722		
Net sales as reported		\$ 1,047,439	
Average net working capital (1)			\$ 131,554
Average daily sales			\$ 2,910
Actual results	\$ 2.58	10.5%	45
MICP targets	\$ 2.55	11.1%	49

Weighting	50.0%	12.5%	12.5%
MICP payout percentage	55.00%	8.85%	18.75%

- (1) Average net working capital was based on the 13-month average of accounts receivable and inventory less accounts payable for each month end between December 31, 2018 and December 31, 2019.
- (2) Since the actual results for Adjusted EPS outperformed the Adjusted EPS 100% target, the payout factor was calculated by prorating the over-performance compared to the 100% achievement and the 150% achievement payout factor on a straight-line basis from 100% to 150%. Further, the payout factor for Adjusted OM was calculated by comparing the difference between actual results and the minimum threshold to the difference between the target and the minimum threshold. In addition, since the DWC actual results outperformed the maximum payout target for the DWC performance goal, the payout factor was determined to be 150% for the DWC performance goal.

The following table summarizes how each executive officer performed on their strategic objectives during 2019 along with the performance on the three financial performance goals calculated above and the final payout factor:

Name	Strategic Objective Payout Factor			Financial Objective Payout Percentages			Total Payout Percentage	2019 Annual MICP (1)
	Percentage Completion	Weighting	Payout Percentage	Adjusted EPS	Adjusted OM	DWC		
William T. Bosway	130.13%	25.00%	32.53%	55.00%	8.85%	18.75%	115.13%	\$ 805,910

(1) Amounts correspond to those set forth in the Summary Compensation Table.

Note that we reference several adjusted financial measures to calculate payouts under our incentive compensation plans for our 2019 performance. Adjusted financial data excluded special charges consisting of restructuring activities primarily associated with the 80/20 simplification initiative, senior leadership transition cost, debt repayment, acquisition-related costs and other reclassifications. We believe that the presentation of adjusted financial measures provides meaningful supplemental data to stockholders, as well as management, that are indicative of the Company's core operations and facilitates comparison across reporting periods as well as comparison with other companies.

The Compensation Committee uses adjusted financial information to determine the incentive compensation paid to NEOs under our performance-based compensation plans in order to keep management motivated to make hard decisions to drive long-term value creation, such as entering into restructuring plans, and making acquisitions and divestitures despite the short-term costs associated with these activities. These items normally are not subject to the budgeting process and cannot necessarily be anticipated.

Equity-based Incentive Compensation. We maintain equity-based incentive compensation plans known as the Gibraltar Industries, Inc. 2015 Equity Incentive Plan and 2018 Equity Incentive Plan (the "Omnibus Plans"). Our Omnibus Plans are an integral component of our overall compensation structure and provide the Company the vehicles through which we make awards of equity-based compensation to our named executive officers and other management employees.

Long-term Incentive Compensation Plan. The Compensation Committee has provided for grants of equity-based awards to our named executive officers each year under the Long-term Incentive Plan ("LTIP"). Long-term equity-based awards have a value, at the time the award is made, equal to a percentage of the executive officer's base salary. Equity awards consist of time-vested grants of restricted stock units ("RSUs") and performance-based grants of performance stock units ("PSUs"). Targeted annual incentive compensation under RSU and PSU awards as a percentage of executive officer base salaries during 2019 are as follows:

Name	Target Annual Incentive Compensation of 2019 RSUs	Annual RSU Grants as a Percentage of Base Salary	Target Annual Incentive Compensation of 2019 PSUs	Annual PSU Grants as a Percentage of Base Salary
William T. Bosway	\$ 875,000	125%	\$ 1,225,000	175%
Frank G. Heard	\$ 1,400,000	175%	\$ 1,600,000	200%
Patrick M. Burns	\$ 184,500	45%	\$ 410,000	100%
Timothy F. Murphy	\$ 184,500	45%	\$ 410,000	100%
Cherri L. Syvrud	\$ 72,500	25%	\$ 290,000	100%

Restricted Stock Units

Under the terms of restricted stock unit awards, vesting occurs at a rate of 25% per year. The vesting conditions which apply to RSUs granted to the executive officers under the Company's long-term incentive plan are designed to reward executives for continuing their employment with the Company and for implementing policies and practices which increase the value of the Company's common stock over a significant period of time.

Performance Stock Units

The number of PSUs earned were determined during the 2019 performance period based upon the Company's return on invested capital (as defined in the award) compared to the targeted ROIC. The Compensation Committee has selected ROIC as the performance goal used in determining payouts under PSU awards-based stockholder feedback and management's recommendation.

ROIC is an important metric to be considered when making investment decisions and a focus on ROIC will incentivize management to make careful considerations when allocating capital for equipment, innovative growth opportunities, acquisitions, and other growth initiatives. The Company is actively focusing on portfolio management and has significant capital to utilize in acquisitions to expand its position and shape its markets, and as a result we believe it is challenging to forecast for periods longer than one year. Although the PSU awards use only one performance metric to determine the number of units earned under the grants, the Compensation Committee believes ROIC is a broad measurement of performance that measures profitability, cash flow generation, and asset management. Given that ROIC is a broad performance metric, we believe this measure is indicative of the effectiveness of our executive management team.

Targeted ROIC was based upon the budget presented to the Board of Directors by the executive management team. The Compensation Committee approved the 2019 target of 15.5% based on the budgeted financial information presented. The threshold to earn any PSUs under the award was set at 14.1%. The maximum number of shares earned is limited to 200%, which would have required a ROIC of 17.5% or higher to achieve.

In 2019, the named executive officers earned 116.0% of the targeted PSUs awarded as calculated below:

	2019 ROIC
Net income from continuing operations as reported	\$ 65,091
Restructuring and other special costs, after tax	18,387
Interest expense special charges, after tax	842
Adjusted net income	84,320
Tax effected interest expense	878
Adjusted net income before interest	\$ 85,198
Average adjusted invested capital (1)	\$ 538,701
Return on invested capital	15.82%
PSU minimum threshold	14.1%
PSU target	15.5%
PSU maximum limit	17.5%
Payout factor (2)	116.0%

(1) Average adjusted invested capital was based on the 13-month average of total stockholders' equity adjusted for special charges plus debt, minus cash for the period ended December 31.

(2) The payout factor for ROIC was calculated by comparing the difference between actual results and the target to the difference between the target and the maximum limit.

The number of PSUs earned is determined based on ROIC performance during the first year of the award and the earned PSUs are converted to shares of common stock. The targeted number of PSU awards granted to each executive officer is based on a percentage of each recipient's base salary which is determined by the Compensation Committee in the same manner as the other elements of executive compensation. The following table calculates the number of PSU awards issued and earned during 2019:

	William T. Bosway	Frank G. Heard	Patrick M. Burns	Timothy F. Murphy	Cherri L. Syvrud
Target compensation from PSU awards (\$)	\$ 1,225,000	\$ 1,600,000	\$ 410,000	\$ 410,000	\$ 290,000
Stock price as of grant date (\$)	\$ 40.56	\$ 40.56	\$ 40.35	\$ 40.56	\$ 40.56
PSUs awarded during 2019 (#)	30,202	39,448	10,161	10,108	7,150
Percentage of PSUs earned (per above) (%)	116.0%	116.0%	116.0%	116.0%	116.0%
PSUs earned during 2019 (#)	35,034	45,760	11,787	11,725	8,294

The Compensation Committee believes this component of our compensation program more closely aligns executive officer compensation with the interests of the Company's stockholders by emphasizing ROIC and promotes retention of the Company's executive management team due to the three-year vesting period.

Non-qualified Deferred Compensation Plans. A feature of our Omnibus Plans, as described above, is the Management Stock Purchase Plan ("MSPP") and the 2018 Management Stock Purchase Plan ("2018 MSPP"), non-qualified deferred compensation arrangements, which allow our executive officers to defer receipt of a portion of their base salary and a portion of the amount of their annual incentive compensation earned under MICP. Each of these plans contain a feature in which the Company contributes RSUs to the accounts of executive officers who have deferred a portion of their base salary and/or annual incentive compensation earned under MICP.

The Compensation Committee approved the establishment of the 2018 MSPP, under the terms of the Company's 2018 Equity Incentive Plan, in order to attract, retain and motivate management employees not close to retirement age. The Compensation Committee reduced the Company's matching percentages, the time required for a participant to vest in their balances, and expanded, for amounts deferred, the investment alternatives, which are substantially similar to the universe of investment alternatives, including common stock of the Company, available to employees who have elected to participate in the Gibraltar 401(k) Plan.

In 2019, Messrs. Bosway, Heard, Burns, Murphy and Ms. Syvrud deferred payment of a portion of their base salaries and annual incentive compensation payment earned under the MICP into the 2018 MSPP, respectively.

Management Stock Purchase Plan

The MSPP provides our executive officers the right to defer the receipt of their annual incentive compensation payment earned under the MICP and up to 25% of their base salary. If, and to the extent that, an executive officer defers any portion of his or her MICP payment or base salary, an account is established for his or her benefit under the MSPP and credited with RSUs equal in number to the number of shares of the Company's stock which could have been purchased using the amount of the MICP payment or base salary which was deferred. The price used to determine the number of RSUs credited to an executive officer's account for MICP deferral is the 200-day closing average price per share of the Company's stock determined one day prior to the date in which the compensation was earned and deferred. The Company's use of a 200-day closing average price for valuing RSUs is intended to eliminate the effect of short-term market fluctuations on the number of RSUs awarded under our MSPP. The price used to determine the number of RSUs credited to an executive officer's account for salary deferral is the calendar quarter closing average price per share of the Company's stock determined as of the end of the applicable calendar quarter.

In addition to RSUs which are credited to the accounts of executive officers who elect to defer a portion of their MICP payment or base salary, the Company credits an additional number of RSUs ("Matching RSUs") to the account of the executive officer. These Matching RSUs are forfeited if the executive officer's employment is terminated, for any reason other than a change in control transaction, termination without cause, and death or disability, before the executive officer reaches age sixty (60).

RSUs credited to the account of an executive officer to reflect amounts deferred under the MSPP are paid to the participant upon a termination of employment. In addition, if the executive officer's employment is terminated after age sixty (60), or if the executive officer's employment is terminated without cause, or due to death or disability, before the executive officer reaches age sixty (60), the participant will be entitled to receive payment for Matching RSUs.

2018 Management Stock Purchase Plan

In connection with the Company's adoption of the 2018 Equity Incentive Plan, the Company adopted the 2018 Management Stock Purchase Plan ("2018 MSPP"). The 2018 MSPP provides our executive officers the right to defer payment of a portion of their base salary and a portion of their annual incentive bonus. Executive officers who have elected to defer their receipt of their compensation will be able to achieve an investment return based on the hypothetical investment of such amounts among a universe of investment alternatives which is substantially similar to the universe of investment alternatives which are made available to employees who have elected to participate in the Gibraltar 401(k) Plan ("Unrestricted Units") and common stock of the Company ("Restricted Units").

In addition to an investment return based on the hypothetical investment credited to executive officers based on their deferral of base salary or bonus, the executive officers who have elected to defer a portion of their MICP payment or base salary, the Company credits an additional number of RSUs ("Matching RSUs") in an amount based on their deferrals to the account of the executive officer. These Matching RSUs are forfeited if the executive officer's employment is terminated, for any reason other than a change in control transaction, termination without cause, and death or disability, before the executive officer reaches the fifth anniversary of the executive officer's vesting commencement date.

RSUs credited to the account of an executive officer to reflect amounts deferred under the 2018 MSPP are paid to the participant upon a termination of employment. In addition, if the executive officer's employment is terminated after the fifth anniversary of the executive officer's vesting commencement date, or if the executive officer's employment is terminated without cause, or due to death or disability, before the executive officer reaches the fifth anniversary of the executive officer's vesting commencement date, the participant will be entitled to receive payment for Matching RSUs.

The following table summarizes the amount each NEO deferred into the MSPP and 2018 MSPP during 2019, the number of RSUs credited to their MSPP and 2018 MSPP accounts, and the matching RSUs credited to their MSPP and 2018 MSPP accounts, respectively:

Name	2019 Deferred Compensation	RSUs Credited to MSPP for		RSUs Credited to 2018 MSPP for	
		Officer Deferrals	Company Match	Officer Deferrals	Company Match
William T. Bosway	\$ 173,654	—	—	4,138	1,655
Frank G. Heard	\$ 714,536	13,106	9,829	4,770	1,908
Patrick M. Burns	\$ 78,846	—	—	—	730
Timothy F. Murphy	\$ 287,614	4,737	3,552	2,422	969
Cherri L. Syvrud	\$ 47,172	471	471	—	273

Under MSPP, the amount to be paid to a participant upon termination of his or her employment is equal to the number of RSUs credited to his or her account, including Matching RSUs, if applicable, multiplied by the 200-day rolling average price per share of the Company's stock, determined as of the day immediately preceding the participant's termination.

Under 2018 MSPP, the amount to be paid to a participant upon termination of his or her employment is equal to the hypothetical investments credited to his or her account plus the total number of RSUs, including Matching RSUs, if applicable, in his or her account multiplied by the 200-day rolling average price per share of the Company's stock, determined as of the immediately preceding calendar-month's end date immediately preceding the date the participant becomes eligible to receive a distribution of his or her account under the 2018 MSPP.

Payment of the amount determined above under each plan is made to the participant based on an election made by the participant prior to the deferral in either (a) a lump sum, (b) five substantially equal annual installments, or (c) ten substantially equal annual installments, in each case, beginning six months after the date of termination. During the period that the installment payments are being made, the undistributed value of the participant's account will earn interest at a rate equal to the average annualized rate of interest payable on ten-year US Treasury Notes plus two percent (2%).

We believe the MSPP and the 2018 MSPP further our compensation objectives of aligning the interests of our executive officers with stockholder interests by providing the executive officers an opportunity to increase post-termination compensation as a result of increases in the value of the Company's common stock over their careers.

2019 Equity Grants to CEO and COO. In connection with the Company's appointment of Messrs. Bosway and Burns, the Compensation Committee awarded Mr. Bosway, Chief Executive Officer, a one-time grant of RSUs on January 2, 2019 and, on March 18, 2019, awarded Mr. Burns, Chief Operating Officer, a one-time grant of RSUs as follows:

Type of Awards	William T. Bosway		Patrick M. Burns	
	Award Granted	Grant Date Fair Value	Award Granted	Grant Date Fair Value
Restricted stock units (RSUs)	28,027	\$ 1,000,003	10,000	\$ 403,500

Mr. Bosway's award vests in three equal tranches on each of the first three anniversaries of Mr. Bosway's employment commencement date. Mr. Burns' award vests in four equal tranches on each of the first four anniversaries of Mr. Burns' employment commencement date. The Compensation Committee used these awards to make whole and compensate Mr. Bosway and Mr. Burns for awards forfeited in connection with the termination of their employment with their previous employer. Although all the compensation related to these awards is captured within the Summary Compensation Table in 2019, the Compensation Committee considers these awards as compensation related to the vesting period, which spans the next three for Mr. Bosway and four years for Mr. Burns.

Retirement Plans. All of our executive officers are entitled to participate in our Gibraltar 401(k) Plan. The Company does not provide any other retirement benefits aside from the 401(k) Plan.

Perquisites and Other Benefits. We annually review the perquisites that executive officers receive. The perquisites offered to our executive officers in 2019 include personal use of Company automobile, health-care benefits and tax planning services.

Change in Control Benefits. Our executive officers have been a key component in building our Company into the successful enterprise that it is today. We believe that it is important to protect our executive officers in the context of a change in control transaction to allow them to focus on the transaction. Further, it is our belief that the interests of our stockholders will be best served if the interests of our executive officers are aligned with the long-term success of the Company. We believe that change in control benefits should eliminate, or at least reduce, the reluctance of our executive officers to vigorously negotiate the optimal financial terms for our stockholders in the event of any potential, future change in control transactions. As a result, the Company has entered into Change in Control agreements with each of Messrs. Bosway, Burns and Murphy. As a result of Mr. Heard's retirement on March 3, 2020, Mr. Heard no longer has any right to payment of Change in Control benefits.

Our Change in Control benefits for Messrs. Bosway, Heard, Burns and Murphy provide for the protection of previously granted equity-based incentive compensation and provide for a cash payment upon a double trigger event, which would be the consummation of the Change in Control transaction and subsequent termination of employment.

The cash components of any change in control benefits are paid in one lump sum. For more information concerning amounts our executive officers are entitled to receive upon a termination of employment and change in control, see "Potential Payments Upon Termination or Change in Control" below.

Generally Available Benefit Programs. The executive officers also participate in the Company's other generally available benefit plans on the same terms as other employees at the Company's headquarters. These plans include vacation, medical and dental insurance, life insurance, a supplemental salary continuation plan providing supplemental short-term disability benefits, and the Company's matching contribution to the Gibraltar 401(k) Plan.

2020 Special Performance Stock Unit Grants to CEO, COO and CFO. On March 2, 2020, to provide the senior executive team with a long-term, performance-based incentive to generate value for our stockholders, the Compensation Committee awarded Mr. Bosway, Chief Executive Officer, Mr. Burns, Chief Operating Officer, and Mr. Murphy, Chief Financial Officer, a grant of TSR PSUs consisting of the following:

Type of Awards	William T. Bosway		Patrick M. Burns		Timothy F. Murphy	
	Award Target	Grant Date Fair Value	Award Target	Grant Date Fair Value	Award Target	Grant Date Fair Value
Performance stock units (TSR PSUs)	12,000	\$ 669,120	9,000	\$ 501,840	9,000	\$ 501,840

These awards cliff-vest after three years on March 1, 2023 and will be settled in shares of Gibraltar stock. The TSR PSUs will be earned based upon the Company's relative total stockholder return ("TSR") generated over a performance period beginning March 2, 2020 and ending March 1, 2023 compared to the TSR of companies within the S&P Small Cap 600 Industrial Sector Index. The payout factor applied to the target TSR PSUs granted is based upon meeting a threshold of the 40th percentile. At the 40th percentile, 50% of the target TSR PSUs will be issuable, at the 55th percentile, 100% of the target TSR PSUs will be issuable, and at 75th percentile, 200% of the target TSR PSUs will be issuable. If Gibraltar's TSR is negative or does not exceed the 40th percentile, no TSR PSUs will be issuable. A ranking between the 40th and 75th percentiles results in an adjustment of the number of TSR PSUs issuable on a pro-rated basis between threshold and 100% achievement and between 100% achievement until the maximum award limit is reached at the 75th percentile where the executive will be entitled to the issuance of 200% of the target TSR PSUs awarded.

The equity grant was made to encourage the future potential of these executives, to more closely align their interests to the interests of our stockholders, and provide focus for these executives on longer-term results. As 100% of the fair value of the award is directly tied to total shareholder return, the Compensation Committee used these awards to ensure that these executives are significantly and immediately impacted by share price appreciation. The performance-based component of the TSR PSUs is designed to motivate the CEO, COO and CFO to further execute under Gibraltar's three core pillars to support and drive business over the three-year vesting period and ultimately create long-term value for our stockholders.

As these awards were granted in 2020, the compensation related to the awards will not appear in the Summary Compensation Table until next year.

Employment Agreement

Frank G. Heard's Employment Agreement. On May 9, 2014, the Company entered into an employment agreement with Frank G. Heard. The Company amended and restated its May 9, 2014 employment agreement with Mr. Heard effective as of January 1, 2015 (the "Employment Agreement") when he was promoted to President and Chief Executive Officer. Effective January 2, 2019, Mr. Heard was appointed Vice Chair of the Board of Directors. In connection with the change in Mr. Heard's position and his appointment as Vice Chair of the Board of Directors, Mr. Heard's Employment Agreement was amended to provide, among other things, for his retirement effective March 3, 2020 (the "Retirement Date").

Commencing on the date Mr. Heard resigned from his position as President and Chief Executive Officer and continuing through Mr. Heard's Retirement Date, Mr. Heard's employment agreement, as amended effective January 2, 2019, provided for the following:

- The term of Mr. Heard's employment would continue until his Retirement Date unless earlier terminated by the Company;
- Mr. Heard would continue to participate in the Company's employee benefit plans and programs;
- The Company would continue to pay Mr. Heard his annual base salary at the same rate as his 2018 annual base salary;
- Mr. Heard would continue to be entitled to participate in the Company's annual cash incentive compensation program at a target level of performance equal to 110% of his annual base salary and to participate in the 2018 Management Stock Purchase Plan, with the same matching percentage which Mr. Heard was entitled to under such plan for 2018, with amounts earned in 2020 prorated for Mr. Heard's length of employment;
- Mr. Heard would continue to be entitled to the same equity-based incentive compensation as a percentage of his 2019 annual base salary and with the same percentage allocation between performance units and restricted units with a time-based vesting, as were provided to Mr. Heard in connection with his employment in 2018; and
- Upon a termination of Mr. Heard's employment by the Company, without cause, or by Mr. Heard for good reason, Mr. Heard would be entitled to a severance benefit in an amount equal to 1.75 times his base salary.

With respect to Mr. Heard's employment during the period January 1, 2020 through March 3, 2020, Mr. Heard was not entitled to receive any equity-based incentive compensation awards. Instead, the Company agreed to pay Mr. Heard, in one lump sum payment to be made no later than sixty days following Mr. Heard's Retirement Date an amount equal to Mr. Heard's annual base salary on his Retirement Date multiplied by 62.5%, to reflect that Mr. Heard would only be employed for a portion of 2020.

In addition, effective upon Mr. Heard's Retirement Date, all of Mr. Heard's then outstanding equity-based incentive compensation awards became fully vested and non-forfeitable.

Clawback Policy

The Company has a Clawback Policy which requires reimbursement of an executive officer's performance-based compensation if the independent members of the Board determine that the executive engaged in fraudulent conduct that resulted in a restatement of financial statements filed with the Securities and Exchange Commission. The Clawback policy extends to all employees of the Company.

This policy is contained in our Corporate Governance Guidelines, which are available on our website at www.gibraltar1.com.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, precludes the deductibility of a current and former named executive officer's compensation that exceeds \$1,000,000 per year. Although the Compensation Committee has historically attempted to structure executive compensation to preserve deductibility, it also reserves the right to provide compensation that may not be fully deductible in order to maintain flexibility in compensating named executive officers in a manner consistent with our compensation philosophy, as deemed appropriate. The Compensation Committee believes that stockholder interests are best served by not restricting the Compensation Committee's discretion in this regard, even though such compensation may result in non-deductible compensation expenses to the Company. The Section 162(m) limitation resulted in a disallowed tax deduction for compensation expense of \$3,071,000 in 2019.

Additionally, Section 409A of the Internal Revenue Code generally imposes a tax on non-qualified deferred compensation arrangements which do not meet guidelines established by regulations under the Internal Revenue Code. The Company's non-qualified deferred compensation arrangements are intended to comply with Section 409A.

Conclusion

The Compensation Committee believes the Company's executive compensation program includes a balanced blend of salary, time-based and performance-based compensation plans that enhance the Company's ability to attract, retain, and motivate highly qualified individuals to serve as our executive officers and to align the financial interests of our executive officers with those of our stockholders.

The high percentage of performance-based compensation for our executive officers re-enforces the Compensation Committee's commitment to a pay-for-performance philosophy. The incentive programs encourage the executive team to drive operational improvements and make strategic planning decisions that lead to improved financial performance and the creation of stockholder value. As a result, the Compensation Committee recommends you vote **FOR** the "Say-on-Pay" vote in Proposal 2.

(1) Estimated future payouts represent the amount that was payable under the annual Management Incentive Compensation Plan ("MICP") for performance in 2019. The maximum payment under this plan is limited to 150% of target.

- (2) On January 2, 2019 and March 18, 2019, Messrs. Bosway and Burns, respectively, received restricted stock units that convert to shares. Mr. Bosway's January 2019 RSUs vest in three equal tranches on each of the first three anniversaries of Mr. Bosway's employment commencement date. Mr. Burns' March 2019 RSUs will vest in four equal tranches on each of the first four anniversaries of Mr. Burns' employment commencement date. The Compensation Committee used these awards to make whole and compensate Messrs. Bosway and Burns for awards forfeited in connection with the termination of their employment with their previous employer.
- (3) Consists of restricted stock units issued under the Company's Long-term Incentive Plan that convert to shares upon vesting.
- (4) Consists of performance stock units issued under the Company's Long-term Incentive Plan that convert to shares upon vesting.
- (5) Consists of restricted stock units issued under the Management Stock Purchase Plan ("MSPP"). Of the restricted stock units issued in 2019, 13,106, 4,737, and 471 units issued to Messrs. Heard and Murphy, and Ms. Syvrud, respectively, represent units purchased through deferral of bonus and 9,829, 3,552, and 471 units issued to Messrs. Heard and Murphy, and Ms. Syvrud, respectively, represent the Company's match. These restricted stock units convert into a hypothetical cash account upon vesting, which occurs upon both the attainment of age sixty (60) and termination of employment. If employment is voluntarily terminated or terminated with cause prior to the executive officer attaining sixty (60) years of age, matching units are forfeited. Upon termination of employment the balance in the hypothetical cash account is paid out as either a lump sum, or over five years, or over ten years.
- (6) Consists of restricted stock units issued under the 2018 Management Stock Purchase Plan ("2018 MSPP"). Of the restricted stock units issued in 2019, 4,139, 4,770, and 2,422 units issued to Messrs. Bosway, Heard, and Murphy, respectively, represent units purchased through deferral of salary and 1,655, 1,908, 730, 969, and 273 units issued to Messrs. Bosway, Heard, Burns, Murphy, and Ms. Syvrud, respectively, represent the Company's match. These restricted stock units convert into a hypothetical investment account upon vesting, which occurs upon fifth anniversary of the executive officer's vesting commencement date. If employment is voluntarily terminated or terminated with cause prior to attaining the fifth anniversary of the executive officer's participation commencement, matching units are forfeited. Upon termination of employment the balance in the hypothetical investment account is paid out as either a lump sum, or over five years, or over ten years.

Pay Ratio

We are required to disclose the ratio of the total annual compensation of our CEO to that of our median employee including (i) the median of the annual total compensation of the employees of Gibraltar, except the CEO ("median employee"); (ii) the annual total compensation of the CEO of Gibraltar; and (iii) the ratio of the amount of the annual total compensation of the CEO to the amount of the median annual total compensation of the employees of Gibraltar, except the CEO.

We selected December 31, 2019 as the date upon which we would identify the median employee. The Company's median employee was identified using the annual total compensation as determined from the Company's payroll records for the twelve-month period ended December 31, 2019 for the employees of Gibraltar, except the CEO of Gibraltar, that were employed as of December 31, 2019. The total compensation of employees hired during the year and employed as of December 31, 2019 was annualized.

In addition, the following methodology and material assumptions, adjustments, estimates that we used to identify the median employee included the following: (i) Non-U.S. employees in Asia accounted for 2.1% of Gibraltar's employees, and therefore have been excluded under the "*de minimis*" exemption allowed under Item 402(u)(4)(ii) of Regulation S-K; and (ii) in accordance with Item 402(u), we omitted 47 employees that became Gibraltar's employees as the result of a business acquisition during the year ended December 31, 2019.

As calculated using the methodology required for the Summary Compensation Table, the annual total compensation of Mr. Bosway was \$5,191,310. The annual total compensation of the selected median employee was \$51,513. As a result, the calculated ratio of the median employee annual total compensation to the CEO's annual total compensation is 101 to 1. This ratio is a reasonable estimate calculated in the manner consistent with Item 402(u) of Regulation S-K.

POTENTIAL PAYMENTS ON TERMINATION OR CHANGE IN CONTROL

Effective January 2, 2019, William T. Bosway was appointed as President and Chief Executive Officer of the Company. Coinciding with the appointment of Mr. Bosway as President and Chief Executive Officer, Frank G. Heard, former President and Chief Executive Officer of the Company was appointed Vice Chair of the Board of Directors, and during the past twelve months ended December 31, 2019, Mr. Heard assisted with transitioning Mr. Bosway to the role of President and Chief Executive Officer of the Company. In 2019, Mr. Bosway entered into a severance agreement that provides for a severance payment equal to 2 times his base salary upon his termination without cause or a voluntary termination with good reason. In 2015, Mr. Heard entered into an amended employment agreement that provided for a severance payment equal to 1.75 times his base salary upon his termination without cause or a voluntary termination with good reason. Mr. Heard's employment agreement also established benefits that would have been earned in the event of his death or disability.

The awards of restricted stock units (“RSUs”) which the Company has made to its executive officers provide that the RSUs will be paid in shares of the Company’s stock if the employment of the executive officer is: (i) terminated by the Company without cause, (ii) in the case of the current and former CEO, terminated for “good reason,” or (iii) terminated after one year from the date of grant if the executive officer has attained age 60 and completed at least five years of service to the Company. In each case, a termination without cause will be considered to have occurred if the executive officer’s employment is terminated by the Company for any reason other than a determination by the Compensation Committee that the executive officer has engaged in egregious acts or omissions which have resulted in material injury to the Company and its business.

The awards of performance stock units (“PSUs”) which the Company has made to its executive officers provide that if an executive officer’s employment is terminated by the Company without cause or after one year from the date of grant if the executive officer has attained age 60 and completed at least five years of service to the Company, the executive officer will be entitled to payment for the PSUs earned prior to termination. Additionally, the awards of PSUs provide that if a change in control of the Company occurs, the executive officers will be entitled to payment for PSUs earned prior to the change in control together with payment, at the targeted performance level, for performance periods ending after the date the change in control occurs.

In addition to the change in control agreements previously described in connection with the 2019 appointments of Mr. Bosway and Mr. Burns, the Company has also entered into change in control agreements (the “Change in Control Agreements”) with Frank Heard, former CEO and Vice Chair of the Board of Directors, and Senior Vice President and Chief Financial Officer (“Timothy Murphy” or “CFO”). These Change in Control Agreements contain double trigger payment provisions. Accordingly, upon the occurrence of a change in control and termination of employment, Messrs. Bosway, Heard, Burns and Murphy are entitled to receive severance payments equal to 250%, 275%, 200%, and 200%, respectively, of their annual cash compensation. These payments are made in one lump sum, except in the case of Mr. Heard whose benefit includes an amount equal to his base salary payable over twelve months with the balance of the benefit payable in a lump sum.

The Change in Control Agreements define annual cash compensation as the sum of (i) the executive’s annual base salary, including any deferred cash compensation, during the calendar year preceding the year when the change of control occurred and (ii) the highest annual bonus paid to him during the three years immediately preceding the year in which the change in control occurs. The payments and benefits payable in the event of a change in control are not subject to any limitations that would prevent them from being considered “excess parachute payments” subject to excise or corporate tax deduction disallowance under the Internal Revenue Code. Therefore, the lump sum payments could require excise tax payments on the part of the executive, and result in a deduction disallowance on the part of our Company.

In all Change in Control Agreements, a change in control will be deemed to occur if:

- i. Any person or group, other than an affiliate of the Company, acquires thirty-five percent (35%) or more of the common stock of our Company without approval of the Board of Directors;
- ii. There is a change in a majority of the members of the Board of Directors in any twelve-month period and the new directors were not endorsed by the majority of the old directors; or
- iii. We enter into a merger or consolidation transactions involving fifty percent (50%) or more change in ownership.

The following tables set forth the amount of compensation which would be payable to the executive officers upon a termination of their employment under the circumstances described. Except for retirement, the amounts payable have been determined as if the employment of the executive officer was terminated on December 31, 2019, on which date, the closing price per share of the Company’s stock was \$50.44. With respect to amounts payable at retirement, we have assumed that the executive officer retired on December 31, 2019, and that, at the time of such retirement, the executive satisfied the applicable age and service requirements for payment of a retirement benefit under the applicable benefit program, and had not met the one year from date of grant time-lapse requirement.

- (1) The amount shown under the voluntary termination for good reason and the termination without cause columns represent the aggregate payments that would be made upon Mr. Bosway's termination for those reasons, equal to 200% of his salary.
- (2) The amounts shown in this row represent the market value of restricted stock units that would vest and convert to a cash balance upon the occurrence of the events in each column. The amount is payable in accordance with his deferral election, with interest compounding at the average of quarterly ten-year treasury rates plus two percent (2%) on the undistributed balance of his deferral. Mr. Bosway has not reached his fifth anniversary vesting commencement date, and therefore under the 2018 Management Stock Purchase Plan would not vest in the Company's matching contributions upon the occurrence of the events shown in each column except retirement (which presumes Mr. Bosway attained his fifth anniversary vesting commencement date), voluntary termination for good reason, termination without cause, death and disability.
- (3) The amounts shown in this row represent the market value of restricted stock units ("RSUs") and performance stock units ("PSUs") that vested or would vest upon the occurrence of the events in each column as of December 31, 2019. The actual payments of RSUs and PSUs occur six months after the event occurs and three years after grant, respectively, except for death, in which case payment is immediate. The retirement column presumes Mr. Bosway is sixty (60) years old.
- (4) The amounts shown in this row represent the amount earned under the Management Incentive Compensation Plan for 2019 which was deferred into the 2018 Management Stock Purchase Plan by Mr. Bosway and therefore the amount in the retirement column includes the Company match as we assume Mr. Bosway attained his fifth anniversary vesting commencement date to calculate retirement payments. It is the Company's policy to pay amounts due under the Management Incentive Compensation Plan to participants on a prorated basis when their employment is terminated without cause.

The amount shown under the voluntary termination for good reason and the termination without cause columns represent the aggregate payments that would be made upon Mr. Heard's termination for those reasons, equal to 175% of his annual base salary. The amount shown under the disability column represents the current value of the annual payment provided for by Mr. Heard's employment agreement. - (2) The amounts shown in this row represent the market value of restricted stock units that would vest and convert to a cash balance upon the occurrence of the events in each column. The amount is payable in accordance with his deferral election, with interest compounding at the average of quarterly ten-year treasury rates plus two percent (2%) on the undistributed balance of his deferral. Mr. Heard is over sixty (60) years old, and therefore will vest in the Company's matching contributions upon the occurrence of the events shown in each column.

Mr. Heard has attained his fifth anniversary vesting commencement date, and therefore under the 2018 Management Stock Purchase Plan will vest in the Company's matching contributions upon the occurrence of the events shown in each column.
- (4) The amounts shown in this row represent the market value of non-qualified stock options, restricted stock units ("RSUs"), and performance stock units ("PSUs") that vested or would vest upon the occurrence of the events in each column as of December 31, 2019. The actual payments of RSUs and PSUs occur six months after the event occurs and three years after grant, respectively, except for death, in which case payment is immediate.
- (5) The amounts shown in this row represent the amount earned under the Management Incentive Compensation Plan for 2019 which was deferred into the 2018 Management Stock Purchase Plan by Mr. Heard and includes the vested Company match as Mr. Heard has attained his fifth anniversary vesting commencement date. Under the terms of Mr. Heard's employment agreement, if Mr. Heard's employment is terminated for cause or is a voluntary termination, Mr. Heard shall not be entitled to receive any portion of the amount earned for the year in which Mr. Heard's employment is terminated. **PROPOSAL 3
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Company's Board has selected the firm of Ernst & Young LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2020, and recommends that the stockholders vote for the ratification of that selection. Ernst & Young LLP has audited the Company's consolidated financial statements for the past fifteen fiscal years including 2019. Representatives of Ernst & Young LLP are expected to attend the Annual Meeting, will be given the opportunity to make a statement if they so desire and to respond to appropriate questions.

The Audit Committee is responsible for the appointment, oversight, and compensation of the Company's independent registered public accounting firm, which is evaluated on an annual basis. Before selecting Ernst & Young LLP, the Audit Committee carefully considered that firm's qualifications as the independent registered public accounting firm for the Company and the audit scope. Stockholder ratification of the Audit Committee's selection of Ernst & Young LLP as the Company's independent registered public accounting firm is not required by the Company's bylaws or otherwise. The Company's Board of Directors is submitting the selection of Ernst & Young LLP to the stockholders for ratification and will reconsider whether to retain Ernst & Young LLP if the stockholders fail to ratify the Audit Committee's selection. In addition, even if the stockholders ratify the selection of Ernst & Young LLP, the Audit Committee may in its discretion appoint a different independent accounting firm at any time during the year if the Audit Committee determines that a change is in the best interests of the Company.

THE AUDIT COMMITTEE RECOMMENDS THAT YOU VOTE "FOR" THE
RATIFICATION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM IN PROPOSAL 3.

**INFORMATION ABOUT OUR INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

The Audit Committee selected Ernst & Young LLP ("EY") as the Company's independent registered public accounting firm for the 2019 fiscal year. EY audited our consolidated financial statements for the fiscal years ended December 31, 2019 and 2018 and expressed an opinion as to whether the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2019 and 2018. Additionally, EY performed certain non-audit services during fiscal 2019 and 2018 that are permitted under the Sarbanes-Oxley Act and related rules of the Securities and Exchange Commission ("SEC").

The Audit Committee determined that the provision of the audit-related and permitted non-audit services provided by EY during fiscal 2019 and 2018 was compatible with maintaining their independence pursuant to the auditor independence rules of the SEC for each of these years.

Pre-Approval for Non-Audit Services Policies and Procedures of the Audit Committee

The Audit Committee has adopted procedures for pre-approving audit and non-audit services to be provided by EY. In considering such approval, the Audit Committee may request all such information and documentation from the Company as it deems necessary in order for it to make its decision with respect to the requested engagement. The Audit Committee may discuss the potential engagement with the independent registered public accounting firm, with its counsel or other professional advisors.

The Audit Committee shall consider whether or not the performance of the requested non-audit services complies with law, including but not limited to the Sarbanes-Oxley Act and the regulations promulgated by the SEC thereunder. It shall also consider whether the services provided will have a negative effect upon the integrity of the Company's financial reporting, whether by approving such engagement the Audit Committee is complying with and promoting its purposes, duties, and functions as set forth in its Charter, and it shall also consider any potential negative effect which the engagement may have on the Company, including the possible appearance of a conflict of interest or impropriety. One hundred percent (100%) of the fees billed by EY for audit related services, tax compliance services and other products and services were approved by the Audit Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Audit Committee is responsible for review and approval, or ratification of reviewing and approving transactions and business relationships with any significant shareholder, director, executive officer or other member of senior management, or their family members on an ongoing basis. The Audit Committee requests and receives from the Company on an annual basis, a list and description of transactions with related parties, as described above, to the extent such transactions are required to be reported in the Company's Definitive Proxy Statement pursuant to Regulation S-K, Item 404(a). The Audit Committee reviews and discusses such transactions with management and the independent auditor, and approves or ratifies such transactions on an annual basis. Prior to approval or ratification of such transactions, the Audit Committee considers the qualifications of the related party, fees charged to the Company, and the significance of the transaction to the Company and the related party.

There were no transactions with related parties during 2019 for the Audit Committee to review and approve in accordance with the policy, as described above, which is included in the Audit Committee Charter.

AUDIT COMMITTEE REPORT

The Audit Committee currently consists of four directors who are independent as defined in the listing standards of NASDAQ applicable to members of audit committees. A brief description of the responsibilities of the Audit Committee is set forth above under the caption "Corporate Governance."

The Audit Committee has reviewed and discussed the Company's audited consolidated financial statements for the year ended December 31, 2019 with management of the Company and Ernst & Young LLP, the Company's independent registered public accounting firm. During 2019, management evaluated the Company's internal control over financial reporting in response to the requirements of Section 404 of the Sarbanes-Oxley Act of 2002 and based on the framework in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (*2013 Framework*). Throughout the year, management kept the Audit Committee apprised of the progress of its evaluation of internal controls and the Audit Committee provided oversight of the evaluation process. At the end of the year, management issued a report on the effectiveness of the Company's internal control over financial reporting. The Audit Committee reviewed this report and discussed with management and Ernst & Young LLP the adequacy of the Company's internal control over financial reporting and disclosure controls. The Audit Committee also discussed with Ernst & Young LLP the matters required to be discussed by the Public Company Accounting Oversight Board's ("PCAOB") Auditing Standard No. 1301, *Communications with Audit Committees*, which relates to the conduct of the audit, including the auditor's judgment about the quality of the accounting principles applied in the Company's 2019 audited consolidated financial statements. The Audit Committee also has reviewed the written disclosures and the letter from Ernst & Young LLP required by Rule 3526 of the PCAOB, *Communication with Audit Committees Concerning Independence*, and has discussed with Ernst & Young LLP its independence. Ernst & Young LLP informed the Company that they are not aware of any relationship with the Company that, in their professional judgment, may reasonably be thought to bear on the independence of Ernst & Young LLP.

The Audit Committee appointed Ernst & Young LLP as Company's independent public accounting firm.

Based on the review and the discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2019 for filing with the Securities and Exchange Commission.
